Minutes:

Senator Thomas Fischer, Chairman of the Senate Natural Resources Committee opened the hearing on SB 2227, relating to hunting by nonresident youth.

All committee members were present.

Senator Michael Every, District 23 sponsor of Bill 2227 presented the bill stating that he had presented a similar bill in 2001. The bill came about because of his life long friends who have come to North Dakota every year to hunt and who are now beginning to bring their sons. Unfortunately they can only bring one son because it is cost prohibitive. It has also been brought to his attention by his constituents. Lets give the youth some wholesome fun and offer reciprocity to other states specifically Wisconsin. In visiting with sportsmen's groups, he is very encouraged by their response and he would be willing to support the idea of a nonresident youth buying a nonresident license at the youth price and it would apply to any cap for nonresident hunters.

Patty Lewis (2.2) representing the North Dakota Hospitality Association testified in support of SB 2227. She was brief and stated the passage of this bill would open many opportunities for the industry.

Kyle Blanchfield (2.9), President of the North Dakota Professional Guides & Outfitters testified in support of SB 2227. His organization is not looking at this bill with dollars signs, but thinks its just a healthy, smart thing to do to encourage youth to participate in water fowl hunting. His organization would continue to support the bill even if these licenses would count towards a nonresident cap.

Dennis Danel testified that he was not really opposed to SB 2227 but was more in a neutral position. He talked about the recent 9th Circuit Court's decision to uphold equal hunting rights for both resident and non resident hunters. His other comment was that if the state does not charge the nonresident fee for nonresident youth then the guides should not be able to charge hunting fee whether is by the gun or bag.

Harold Neameyer (6.0) representing the Cass County Wildlife Club testified in opposition to SB 2227 (See attached testimony). His overall comment for this bill was "if it broke - don't fix it".

Mike Donahue (8.2) representing the United Sportsmen of North Dakota and the N.D. Wildlife Federation testified in opposition of SB 2227 (See attached testimony). He also stated that we should encourage other states who want reciprocity to do so in their state government.

Senator John Traynor asked if the number of youth is so little why are we bothering.

Paul Schadewald, Chief of Administrative Services of North Dakota Sate Game & Fish Department testified in a neutral position of SB 2227. He did prepare the fiscal note of this bill

and said the number involved is very small and is probably more of a principle than economics.

He stated that the Wisconsin is the only state involved there and that there is about 8 or 9 other states with reciprocity. The department could set up as special license and administrate it for this small group and then there would be a number and it could be subtracted from the cap.

Senator Heitkamp asked for a map of the reciprocity states. (this listing of states was provided after the hearing and included as attached).

Senator Traynor question the negative fiscal note.

Paul Schaedwahl explained the that the estimated 100 nonresident youth who would have paid \$95.00 for a license would now be paying \$15.00 as a resident youth for a loss of \$80.00 X 100 youth X 2 years for \$16,000.00 for the biennium.

Senator Every questioned the estimates of the fiscal note as in comparison to the fiscal note of the 2001's similar bill.

Paul Schaedwahl admitted the estimate was not scientific but an educated guess because the numbers of youth is not available.

Senator Tollefson closed the hearing on SB 2227.

Minutes:

Chair Nelson called the hearing on SB 2227 relating to hunting by nonresident youths to order

Sen. Every: Introduced SB 2227. This bill came 2 years ago came from chamber of commerce meeting in Devils Lake. They asked us to put this bill in. I believe this is a good bill. We currently provide reciprocity to a number of states. Wisconsin does not unfortunately have an agreement with us. They do not have an environment good for hunting. They have nothing to offer us.

Rep. Keiser: Why does this bill have a \$16,000 fiscal note if it only deals with 100 kids?

Sen. Every: We have no idea how many will take advantage of this.

Rep. Hanson: What states do we have a reciprocal agreement with?

Paul Shadewald: (See Attached Testimony)

Rep. Drovdal: If we pass this bill it would take away one of the incentives for Montana and South Dakota to reciprocate for us to go hunting in their states.

Paul Shadewald: It could be argued that way.

Rep. DeKrey: Pointed out the legal guardian part of the bill would cause trouble for someone to hunt with a family friend or some other group and recommended it be struck.

Chair Nelson: How active are you in reaching an agreement with those states.

Paul Shadewald: We do not get involved. We urge nonresidents to approach their state legislatures about it. We do not want to get involved in other states laws.

Rep. Drovdal: Wisconsin has nothing to lose on this bill.

Chair Nelson: The idea behind this was not to pick and choose which groups can hunt. The idea was to promote youth hunting in North Dakota. Any youth under 16 years of age can come in and hunt in the state provided they are accompanied by an adult with a license.

Rep. Drovdal: Minnesota for example could change their policy and our citizens would pay nonresident fees while we give them reciprocity.

Chair Nelson closes the hearing on SB 2227

Rep. DeKrey moves an amendment striking "family member or legal guardian."

Page 3

Rep. Solberg seconds the motion.

Motion passed by voice vote.

Chair Nelson called the meeting to order.

Rep. DeKrey moved a do pass on SB 2227. **Rep. Solberg** seconded.

Rep. Keiser: Recommended we try to barter with this.

Chair Nelson: This is just an attempt to promote hunting. I think this is a good bill.

Rep. Johnson: Would this be included in any cap.

Paul Shadewald: They allow the youth to buy resident licenses. They would be counted as resident licenses. They would not be counter on the nonresident licenses.

Rep. Keiser: This would inflate the resident numbers and impact the nonresident allowances.

The motion failed by a vote of 5-7-0

Rep. Clark moved a **Do Not Pass with Amendment** seconded by **Rep. Norland**.
