Minutes: Chairman Mutch opened the hearing on SCR 4019. All Senators were present.

SCR 4019 is directing the Legislative Council to study actions that can be taken at the state level to address the problem of inaccurate or obsolete information on consumer reports.

Senator Kringstad, introduced the bill. See attached letter.

He stated that a 9 page credit reports with 8 inaccuracies. He stated that it is a problem and needs to be cleaned up.

Senator Espgaard: It is the responsibility of the bank and the consumers to dispute the inaccuracies.

Senator Krebsbach: Could we possibly amend line 17 and add "shall consider study"?

Senator Kringstad: That is just fine.

The bill was passed with amendments and sent back as the amendments were not needed.

The committee reconsidered the actions.

Senator Krebsbach moved a DO PASS. Senator Klein seconded.

To Whom It May Concern:

In reference to credit reporting and changes. Currently we have laws on the books that allow for the collection of debts, the ability to file judgments etc for non-payment. These are quite acceptable, and creditors should have the right to file, collect etc. The purpose of this new bill would relate to the correction measures once a bill has been paid.

Currently we find many paid bills, judgments that have been satisfied etc, and the bills are continually reported as unpaid. All this time consumers are restricted or penalized because the credit reporting agencies are not accurately showing the bills paid.

Simply put the persons, firms, responsible for collecting a debt are required to file appropriate documents in a timely fashion to show the debt has been paid and properly recorded.

This would pertain to collection agencies and ultimately the credit reporting agencies. The fines for not recording the items in a timely fashion should be substantial.

Please feel free to contact me if you would like to see some specifics.
