2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill would not allow the use of a social security number on a game and fish license or permit application unless requested by the applicant. The bill would put the state out of compliance with federal mandates for the child support enforcement (IV-D) program resulting in the loss of federal funds used in the program and the incentives that are earned. Under 42USC666(a)(13), the state must have in effect laws requiring that a social security number be recorded on the application for a recreational license. A valid IV-D program is required for the TANF program to be in compliance with Title IV-A regulations. Therefore, the bill would also risk the loss of the TANF block grant funds. **The potential loss of total revenue to the Department could amount to \$73.1 million.**

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
