2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill provides for special license plates in the design and color of the various North Dakota colleges and universities. It also provides for an annual payment of \$20 for each plate to be credited to the academic scholarship fund of each college or university, as well as a one-time payment of \$10 to cover the cost of manufacturing the special license plates. It is not possible to estimate the revenue that will be generated for the scholarship funds as it is not known how many people will choose to purchase the special license plates. It is estimated the \$10 license plate fee will cover the cost of manufacturing the special license plates.
