2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The reduction of the Board membership by one would result in an annual savings of approximately \$500 in travel expense for attendance at meetings. The authorized increase in annual license fees provides a vehicle for increasing revenues. However, the Board appears able to work itself out of debt during the 2003-2005 biennium without increasing the current license fee of \$500, since it also receives a \$750 monthly payment of disciplinary fees from one podiatrist, with a balloon payment coming due in this same biennium.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

See answer to question #2.

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

See answer to question #2.

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
