2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

SB 2390 will reduce agricultural property values statewide by approximately 10 percent from the 2003 values calculated under current law. It will cause an annual reduction in the revenues to the State Medical Center of approximately \$50,000.

SB 2390 will have no direct effect on revenue to counties, cities or school districts because those political subdivisions have authority to levy the same number of dollars, regardless of changes in taxable value. Property taxes not paid by agricultural property owners because of the reduced agricultural values will be shifted onto other property owners.
