Bill/Resolution No.: HB 1158

1A. State fiscal effect: *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2001-2003 Biennium		2003-2005 Biennium		2005-2007 Biennium

1B. County, city, and school district fiscal effect: *Identify the fiscal effect on the appropriate political subdivision.*

Counties	Cities	School Districts	Counties	Cities	School Districts	Counties	Cities	School Districts

2. Narrative: *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The fiscal impact is expected to be approximately \$500 per biennium. The Department does not often request pesticide use reports from registrants and has only been refused once in the past four years by a registrant requested to provide the information. The present statute does not establish a reasonable timeline for providing the requested data, and there are no penalties for not supplying the data.

3. State fiscal effect detail: *For information shown under state fiscal effect in 1A, please:*

A. Revenues: *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

Additional revenue to the Environmental and Rangeland Protection Fund would be approximately \$500 per biennium.

B. Expenditures: *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

No additional expenditures expected.

C. Appropriations: *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

No additional appropriations expected.
