**2. Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill creates a new chapter to Title 25 of the North Dakota Century code relating to the implementation of a fee for service rate setting system of payment to Developmentally Disabled providers. It also provides for an appropriation to pay a facilitator and/or consultant to aid the workgroup to be established in it's duties.

**3. State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

**A. Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

The increase in revenues for the 03-05 biennium is from Medicaid funds that are allowed for 50% of the anticipated cost of the facilitator/consultant included in the bill.

The reduction in other revenues for the 2005-2007 biennium relates to the federal funds which will no longer be claimed due to the decrease of expenditures.

**B. Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

The bill allows for the hiring of a facilitator/consultant to aid in the duties of the workgroup established in the bill. This will result in increased operating expenditures of \$42,000 total funds; \$21,000 general funds.

During the 2005 - 2007 biennium, 1 FTE will be eliminated from Fiscal Administration - Provider Audit Unit of the Department of Human Services during the 2005 - 2007 biennium. This will result in the following savings: Salary Line (\$21,679)general funds;(\$19,856)other funds; Operating Line (\$1,084)general funds; (\$992)other funds for a total savings of (\$22,763) general funds, (\$20,848) other funds.

**C. Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget.*

*Indicate the relationship between the amounts shown for expenditures and appropriations.*

This bill allows for an appropriation of \$21,000 in general funds and \$21,000 of federal funds to pay for a facilitator/consultant to aid in the duties of the workgroup. These expenditures were not included in the Governor's budget, therefore, for the 03-05 biennium, the appropriation would need to be increased \$42,000 in total; \$21,000 in general funds.
