2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

If enacted, Engrossed HB 1219 may result in a slight, indeterminable increase in revenue to the State Medical Center. There will not necessarily be any net change in overall revenues to counties, cities, or school districts, as changing the valuations of existing property does not change the dollar amount a political subdivision may levy.

If property that has been assessed as agricultural property is subsequently assessed as commercial or residential property, it will be assessed at its market value, which will likely be greater than its agricultural value. This will not affect the tax amounts that may be levied by the political subdivisions in which the property is located.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

There may be increases in the payments in lieu of property taxes required from the Board of University and Schhol Lands, ND Game and Fish Department, and ND National Guard depending on how their lands are used.

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
