Although the state fiscal impact is minimal should this bill pass, the federal dollars the state will not receive is quite dramatic if .08 BAC legislation is not enacted. Beginning in 2004, the penalty starts at 2% of certain federal highway funds and grows 2% each year through 2007. After that the annual loss is 8%. The loss of federal highway funds is estimated at \$2.8 million in 2004, \$5.7 million in 2005, \$8.5 million in 2006, and \$11.3 million in 2007 and thereafter.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Computer software would need to be upgraded to handle the new alcohol content change. This impact would affect five software programs used by the division in order to comply with the new legislation. In addition, new forms and manuals would need to be printed.

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

The proposed budget for the biennium did not include this proposed legislation. Additional funds would be necessary to accommodate the change in legislation.
