1B. **County, city, and school district fiscal effect:** *Identify the fiscal effect on the appropriate political subdivision.*

2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The bill allows for assessment services to be provided to individuals prior to their entry into long term care as is currently practiced. This bill as stated would not have a fiscal impact.

In addition, this bill would also remove the sunset date for targeted case management and make it permanent. Currently, the computer program for targeted case management is not working correctly so it is difficult to calculate an estimate. However, based on the best numbers we have, we estimate targeted case management would save between \$400,000 and \$600,000 in general funds. This savings is not reflected above.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
