COMMUNICATION FROM GOVERNOR HOEVEN

This is to inform you that on May 2, 2003, I have signed the following: HB 1001, HB 1002, HB 1003, HB 1004, HB 1005, HB 1007, HB 1010, HB 1011, HB 1012, HB 1013, HB 1017, HB 1018, HB 1019, HB 1020, HB 1021, HB 1023, HB 1035, HB 1047, HB 1158, HB 1295, HB 1489, and HB 1497.

VETO MEASURE

April 28, 2003

The Honorable Janet Wentz
House Chambers
Speaker of the House
State Capitol
Bismarck, ND 58505

RE: HOUSE BILL 1016, Department of Corrections and Rehabilitation Funding Bill

Dear Speaker Wentz,

North Dakota has real challenges with crime, such as the growing methamphetamine scourge and other drug related crimes. We must have adequate resources to house and treat this growing inmate population.

The Legislature has chosen to place inmates at a converted school in New England, and at county jails throughout the state. While this plan may create some liability issues, we will try to make it work. The immediate problem is that it does not adequately fund the Corrections Department.

The funds allocated for contracting with the counties do not take into account our projected inmate population. Furthermore, \$3 million was taken out of the prison budget, which will result in unacceptable reduction in corrections officers and rehabilitation services. The result of reduced treatment will be a larger prison population and more repeat offenders.

This is a basic public safety and fiscal management issue. I therefore veto the bill.

Sincerely,

John Hoeven
Governor

RE: HOUSE BILL 1022, Information Technology Department (ITD) Funding Bill

Dear Speaker Wentz,

North Dakota has developed one of the finest statewide high-speed data networks in the country. It is a cost effective public sector, private sector partnership that supports education and government, and creates opportunity for business.

At the heart of the system is ITD, the state's information technology department. This funding legislation for ITD creates a bureaucratic maze that will cost taxpayers more and will certainly slow down technology-based services throughout state government. It transfers funds back and forth between ITD and almost every other agency in state government, which will not work and which will leave ITD underfunded.

I can support the 5 percent reduction in each agency's technology budget, but this legislation for ITD will increase costs, and impede services to the people of North Dakota. I therefore veto it.

Sincerely,

John Hoeven
Governor

Re: Veto of HB 1421

Dear Madam Speaker:

I am hereby vetoing HB 1421 relating to the Emergency Commission. Section 2 of the bill adds unnecessarily, additional members to the Emergency Commission and removes the duly elected Chairman of the Legislative Council.

Under current law, the Emergency Commission is comprised of the Governor, Secretary of State, the Chairman of the Legislative Council, and each Chairman of the Senate and House Appropriations Committees, giving the Legislature a majority of the members.

The Bill adds one additional legislative member, by placing both majority leaders on the Commission and removing the Chairman of Legislative Council and creates a super majority for Legislators, which is unnecessary. For these reasons, I have vetoed the bill.

Sincerely,

John Hoeven
Governor

Re: Item Veto of HB 1015

Dear Madam Speaker:

Today I have signed HB 1015, but vetoed section 15 of the bill. The section provides that any vacancy, which occurs through retirement or resignation in the Oil and Gas Division or

the Geological Survey, must remain vacant for the biennium. It provides no flexibility or management discretion to the Industrial Commission, which manages both agencies.

I recognize the Legislature's direction that the two agencies be consolidated during the biennium, and understand the desire to reduce employees. It is a goal that I can support, provided it is done in an appropriate manner, and will provide more efficient services to the people of North Dakota. We can accomplish the Legislature's goal administratively and in a much less disruptive manner. For these reasons, I have vetoed Section 15.

Sincerely,

John Hoeven
Governor

Page 161, after line 5, insert the following: Today we honor the memory of a great American, Dr. Martin Luther King Jr. I think it is appropriate that while Americans and people all over the world take time today, that we too, in this chamber take a moment to remember him.

Some will remember the civil rights leader...some the great preacher...And some; his politics. But in the final analysis, what made him a great leader, and a great American is that at his core he was a dreamer.

This country was founded by dreamers...This country was improved by dreamers...This great economic system was built by dreamers who never gave up.

Martin Luther King Jr. was a dreamer who never gave up. He knew that change is hard..but he never lost hope...a sentiment that is very American.

He understood that a person must accept finite disappointment and have infinite hope. He understood that the time is always right to do the right thing. He understood that someone must be judged on the content of their character and the quality of their ideas.

His pursuit to insure freedom and responsibility remain our duties everyday.
