Committee Clerk Signature

Minutes: HB 1306 The sale of certain state lands by the board of university and school lands to Stark County.

13 members present, 1 absent.

Chairman Haas-District 36-For-Representative Wall asked me to introduce this bill. In 1987 the bill that you see in front of you, allowing the Board of University school land is authorized to sell and convey the following property in Stark county, North Dakota. At that time it was defined as attractive land, comprising of approximately 70 acres, known as the state second edition. It is a peace of land, if you look at this map, that city of Dickinson is over here, this is the interstate I-94 by pass, this goes right out here to I-94 and the piece of land is the fairgrounds right now. According to this legal description, it actually is 181.8 acres. This says that we want to change the language to 180 acres. There was an error made when this bill was passed in 1987, this is simply to correct it, this legal description should be amended into the bill.

Rep. Froseth: This land has already been sold to Stark County, it is just a transfer title and the deed.

Chairman Haas: I imagine that is probably the hang up. It was transferred shortly after 1987, when the original bill was passed.

Rick Larson-Deputy Commissioner of the Board University and School Lands-For

Rick: There is not a state second addition to the city of Dickinson, the description is incorrect and has always been incorrect. The property was part of the Board University and School Lands as the result of the board of higher education subdividing some land over there and the economy of Dickinson going south, so this has been sold to Stark county and it was sold for the Fair Grounds and the land had been appraised back at that point of time and we received the appraised value for the land and so this is just to correct the land description and so there is proper title. This bill is to correct any cloud to the title to this property. I would suggest that we use the metes and bounds description that Chairman Haas has mentioned. It has been surveyed, it shows its proper land description.

Rep. Klemin: The land identified as Stark County fairgrounds on here, 181.8 acres is that exactly the same as the state addition?

Rick: No, the state addition is to the north and east of that road.

Rep. Klemin: There is another error in this description, where it says known as the state addition.

Rick: That is what I am saying, the better description of this property is with metes and bounds.

Chairman Haas: It is true that all of this on the east side of this I-94 business loop is all state addition.

Rick: That is the state addition. This property will need to be deeded, not only by the Board and University of School Land along with the Board of Higher Education. Correcting the deed once again.

Rep. Potter: Why do you have to come to the legislature to clear this up?

Rick: There was a problem back in the ownership of this property. The property never sold. The State of North Dakota issued bonds to pay the Board University of School Lands for there loan and as part of that, they did ask the Board University and School Lands to manage this land. The board took on the responsibility of management, they never did accept a deed from the Board of Higher Education for that property. It is being utilized now and it is a viable part of Dickinson, the state addition, it is a wonderful piece of property.

Rep. Potter: Why are we dealing with it hear with a clouded title. Why do they come to the legislature.

Rick: The legislature did authorize us to sell this piece of land, with that description, it had to be approved by the legislature.

Vice Chairman Grande: Thank you very much. Any more questions?

Rep. Klemin: I move a Do Pass as Amended.

Rep. Haas: I second.

VOTE: YES 13 NO 0 ABSENT 1 DO PASS AS AMENDED

REP. FROSTED WILL CARRY THE BILL.

FISCAL NOTE

Requested by Legislative Council
01/12/2005

Bill/Resolution No.: HB 1306

1A. State fiscal effect: *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2003-2005 Biennium		2005-2007 Biennium		2007-2009 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues		\$0		\$0		\$0
Expenditures		\$0		\$0		\$0
Appropriations		\$0		\$0		\$0

1B. County, city, and school district fiscal effect: *Identify the fiscal effect on the appropriate political subdivision.*

2003-2005 Biennium			2005-2007 Biennium			2007-2009 Biennium		
Counties	Cities	School Districts	Counties	Cities	School Districts	Counties	Cities	School Districts
\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0

2. Narrative: *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill simply changes the wording of the statute to more accurately reflect the sale that took place several years ago.

3. State fiscal effect detail: *For information shown under state fiscal effect in 1A, please:*

A. Revenues: *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. Expenditures: *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. Appropriations: *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

Committee Clerk Signature

Chairman Krebsbach opens committee work on **HB 1306**

Relating to the sale of certain state lands by the board of university and school lands to Stark County.

Rick Larson - Director of Minerals Management for State Land Dept.

He said this bill is to correct some work that was done back in 1987. The Board of Higher Education owned it and it was part of the Dickinson Experiment Station.

The committee gathered around a map so Mr. Larson could show them the piece of land in question. He continued to give them the history on the land. He said the land is developed with

streets and houses. Stark County has asked to buy a piece for fair grounds. This is to describe that land with a meets and bounds description.

Senator Nelson - Said this just for a legal description.

Larson - Said yes, said give or take a couple acres.

Senator Lee - Pointed out because we use GPS now acreage has changed all over. It is much more accurate now.

Senator Nelson - Asked if this land is being used for a Fairgrounds.

Larson - Said that was how it was originally purchased but as far as he knows it is not being used as a Fairgrounds.

Senator Nelson - Said, so we just need a legal description.

Senator Syverson - Said it seems to be just a correction. Said he hoped the state got a good deal.

Larson - Said the state still owns the minerals.

Senator Syverson - Asked if there is a well on this.

Larson - Said yes.

Closed hearing on 1306

Senator Nelson moved for do pass

Senator Syverson seconded

Senator Nelson will carry.
