Minutes: **Chairman Mutch** opened the hearing on SB 2246. All Senators were present.

SB 2246 relates to park model trailers.

Senator Jack Traynor introduced the bill.

Senator Traynor: We have thousands of miles of lake shore around Devils Lake. One of the popular items seen on the lake shore is a park model trailer. I was asked to submit this bill because apparently, there is a problem with the handling of these units from a tax standpoint and registration. The bill you have before you would allow them to be registered which would mean they could be driven on the highway. If you own one of these, you are not permitted to put it below 1460. The lake is at 1448. So you could be a long way from the water. This would allow the unit to be registered like a mobile home. I hope the committee looks favorably upon the bill.

Joe Belzer, Ramsey County Commissioner, spoke in support of the bill.

Joe: These can be pulled with a three quarter ton pickup and licensed. They are like an RV. This would encourage economic value of Devils Lake.

Senator Heitkamp : Do these things have axles?

Joe: Yes, they pull them up from Indiana.

Senator Heitkamp : The axle stays underneath them?

Joe: Yes.

Senator Espgaard : This would just treat them the same as a mobile home?

Joe: No, as an RV. They are twelve feet wide. They have lights and holding tanks.

Senator Krebsbach: Are they set on a concrete pad?

Joe: They are on their wheels, on the lake shore, with leveling and blocks.

Keith Kiser, North Dakota Dept. of Transportation, held a neutral position.

Keith: The bill refers to these as being licensed as a house trailer, which in the statute doesn't include travel trailers. **Keith suggest that the committee amend that to include travel trailers.**

Chairman Mutch suggest amendments be prepared and reviewed at a later time.

The hearing was closed.

Chairman Mutch allowed committee discussion on this bill later that afternoon.

The amendments Chairman Mutch requested were prepared and reviewed by the committee.

Senator Klein moved to adopt the amendments.

Senator Krebsbach seconded.

Senator Krebsbach moved a DO PASS AS AMENDED. Senator Klein seconded.

Minutes:

Chairman Keiser: Opened the hearing on SB 2246.

Senator Traynor: Appeared in support of this bill and also was a sponsor. The problem arose in our lake area, when people attempted to place park model trailers below the level FEMA could ultimately reach 1460 ft. . That is quite a ways from the water now the lake is about 1448 ft. We know of people that have put these trailers down near the water but below 1460 and the emergency manager says you can't have it there. This bill would allow owners to register these units so they could be moved on the highways, then FEMA would allow them to be anywhere near the water.

Representative Johnson: When you say a park model trailer, does that limit it to a certain length and width that it can be?

Senator Traynor: I guess it is defined in sub section 2.

Representative Froseth: If a park model trailer is licensed, they don't have to pay property tax do they?

Senator Traynor: I think you are right

Representative Ekstrom: Will the wheels be left on them and tied down?

Senator Traynor: The trailers that I've seen do not have wheels on them.

Eric Warren, Devils Lake, North Dakota: Appeared in support of bill. I'm here on my own behalf and I am a township supervisor that is effected by this quite a bit, what this bill does is give us an opportunity in the lake region to put these trailer park models on the lake, we had to ask one gentlemen to move it off because FEMA was insurable by flood insurance. We want to make it uninsurable by flood insurance is what a trailer license does, the tax issue that you brought up is nothing is being tax there anyway so it does not matter to us as a township or I can't speak for our tax director but he is only going by the sale of the lots itself, because there is nothing that can be put on those lots right now that is permanent. Most of the ones that will be put up in our region will have a hitch and wheels left on them, because we want to get them out of there if the water would come up again. I know they don't show them in the pictures, but there are hitches and wheels under them, and we can solve that by skirting them and not seeing the wheels.

Jerry Peterson, Business Manager, ND Motor Vehicle Division: Appeared in support of bill. I wasn't going to testify but maybe I can answer some questions on the park model trailer fee that we get. That is a \$20.00 annual fee that we get at the department and all that we issue is a white piece of paper, and when I checked the record today, we only had about 29 that have been issued over the last few years.

If this bill passes through we would issue a license plate to the trailers and I would assume that the people we would have to send out a renewal at that point so that they would have a current tab on that plate. The sales tax is paid up front and there are no taxes later on.

Hearing closed.

Minutes:

Chairman Keiser: Reconvened the hearing on SB 2246.

Representative Froseth: What they are asking to do it to be able to register a park model trailer and license to eliminate buying flood insurance if they were located on a piece of property that was determined by FEMA was in a flood zone. But I had concerns that it would affect other areas in the state like Lake Metigoshe, and they can buy a license plate and put it on a park model and get by without having that unit accessed as property and pay property tax on, and I could not get any answers from anybody.

Representative Amerman: They had to have a hitch and wheels to be considered a trailer, are we telling the individuals that make these that they have to put hitches and wheels on now?

Representative Nottestad: Are we creating a park home into a travel trailer?

Chairman Keiser: FEMA says that if you have a flood zone you cannot put a permanent structure there. What these people are arguing is a shorter trailer has wheels and can be moved
