Minutes:

Chairman Holmberg opened the hearing on **SB 2350**.

Senator Nething introduced SB 2350. He testified as to his reasons for introducing SB 2350, discussing the location off a new or remodeled facility at the State Hospital in Jamestown and the one time auditing option of a funding process.

Chairman Holmberg asked if there are other states doing this type of roll up of money.

Senator Nething indicated that there are other states doing this.

Pam Sharp, Office of Management and Budget testified to explain the fiscal note attached to SB 2350. She indicated that if the bill passes that something else needs to be added to operate the program. She also discussed the consequences of changing accounting practices. Questions were raised to clarify the accounting process, accounting requirements, the consequences of going against the procedures, and the effect on the bond ratings.

Carlotta McCleary, concerned citizen, Member Mental Health Planning Council, provided written testimony and testified in **opposition to SB 2350**. She indicated the planning council has concerns with SB 2350 as the bill targets the shifting of the Jamestown State Hospital from a facility to house those with mental illness to one that will be used by prison inmates. The issues are that the bill is vague, nonspecific, and has unusual funding mechanisms.

Chairman Holmberg indicated the subcommittee would consist of Senators Kringstad, Grindberg, and Krauter. He then closed the hearing on SB 2350.

2005 TESTIMONY

SB 2350

Ed K.

All legislators

The information in this letter is regarding SB 2350. This bill targets the shifting of Jamestown State Hospital from a facility that houses people with mental illness to one that primarily will be used by prison inmates.

We, the Mental Health Planning Council, which consists of governor appointed members from different agencies and consumers and family members, are opposed to this bill. Our issues of concern are that it is vague, nonspecific, and has unusual funding mechanisms.

A similar bill was presented in the last legislative session, and we opposed it too. That bill was more specific as to which buildings would be used to house the prisoners. The ones named were the La Haug building and the adolescent center. Those are the best buildings on campus, and they should not be taken away from people with mental illness.

The conversion from a mental health facility to a facility for prisoners leads to the criminalisation of people with mental illness. We are fighting against the stigma that surrounds mental illness, and this bill would take us back to the times when people with mental illness were seen as offenders. We thought that we have left that era behind us, but this bill does just the opposite.

We strongly encourage you to vote no on this bill.

Thank you very much for your time, and appreciate your work for the people of North Dakota.

Sincerely,

The North Dakota Mental Health Planning Council
