Minutes:

Senator Hacker called the committee to order. Roll call was taken 5 members present 1 absent. (Senator Cook testifying at another committee and then in attendance)

Chairman Cook opened the hearing on SB 2397 relating to annual financial reports of cities.

Jerry Hjelmstad, North Dakota League of Cities, Handed out a list of cities that would be impacted by this bill. (See attachment #1) Cities over a population of three hundred are required to have an audit every two years. This bill would change that population requirement to cities over five hundred. At the present time we have one twenty nine cities out of the three hundred fifty seven incorporated cities in North Dakota that are over the three hundred population. If this bill were to go into effect there would be ninety nine cities over five hundred. So we are talking about thirty cities that would be impacted by this bill. The requirement was to have an audit every two years. If the population limit was increased from three hundred to five hundred

those cities of three hundred would file an annual report with the state auditor in lieu of that audit.

Senator Gary Lee: What needs to be done with cities below three hundred.

Jerry Hjelmstad: The cities below three hundred at the present time file a report form provided by the state auditors office. The reason for the cut off is they deal with less funds.

Augie Ternes, Audit manager with the Political Subdivisions, State Auditors Office appeared to answer questions. The financial report that is submitted for cities under three hundred breaks down their revenues and expenditures by the various forms of the city. The auditors office also gets a bank year end statement to make sure their accounts are in balance.

Chairman Cook: Are the cities over three hundred staffed from your office to go out and do the audits?

Augie Ternes: The cities have an option, they can contract with the auditors office or a private CPA firm to do their audit. Of those thirty cities between three and five hundred we perform an audit on nine of them and twenty one have a private audit. The auditors office charges between forty and forty five dollars an hour based upon the staff and the hours; approximately four thousand to five thousand dollars an audit. He feels the audits are worth the time to do them. No further testimony for or against the bill.

Chairman Cook closed the hearing on SB 2397

Senator Cook opened the discussion on SB 2397 regarding city audits.

Discussion by committee. Tape 2 Side A 5147 - 5538
