A section is added as an emergency authorizing the Secretary of State to continue, for the 2005-07 biennium, any unspent appropriation authority remaining from the agency's authorized carryover from the 2001-03 biennium of up to \$105,000 for providing state matching funds for federal election reform funding. This section was also included in the Senate version.

A section is added amending Section 54-09-08 requiring the Secretary of State to transfer any amounts in the Secretary of State's general services operating fund exceeding \$75,000 at the end of a biennium to the general fund rather than at the end of each fiscal year. This section was also included in the Senate version.

The section added by the House requiring the Secretary of State to collect \$76,100 from counties to reimburse the general fund for the \$76,100 appropriated for matching federal election reform funding is changed to allow the Secretary of State to either collect the funds from the counties or to make available the funding from other sources which may include savings from within the Secretary of State's budget.
