Indemnification and insurance requirements in state contracts.

1. The director of the office of management and budget shall establish guidelines for indemnification and insurance provisions in contracts that may be entered by an executive branch state agency. The director shall consult with representatives of executive branch state agencies, the insurance industry, and the business community to establish and revise the guidelines and provisions. The guidelines must establish procedures for determining the appropriate indemnification and insurance provisions in contracts.

If indemnification is required, the contract must require that the state be endorsed on the contractor's commercial general liability policy as an additional insured or must require an equivalent form of protection for the state.
