In the case of married individuals filing a joint return, if one spouse is a resident of this state for the entire year and the other spouse is a nonresident for part or all of the tax year, the tax on the joint return must be computed under this subdivision.

g. For taxable years beginning after December 31, ~~2004~~ 2007, the tax commissioner shall prescribe new rate schedules that apply in lieu of the schedules set forth in subdivisions a through e. The new schedules must be determined by increasing the minimum and maximum dollar amounts for each income bracket for which a tax is imposed by the cost-of-living adjustment for the taxable year as determined by the secretary of the United States treasury for purposes of section 1(f) of the United States Internal Revenue Code of 1954, as amended. For this purpose, the rate applicable to each income bracket may not be changed, and the manner of applying the

cost-of-living adjustment must be the same as that used for adjusting the income brackets for federal income tax purposes."

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 11-33-02 of the North Dakota Century Code is amended and reenacted as follows:

11-33-02. Board of county commissioners to designate districts - Uniformity.

- 4- For any or all of the purposes designated in section 11-33-01, the board of county commissioners may divide by resolution all or any parts of the county, subject to section 11-33-20, into districts of such number, shape, and area as may be determined necessary, and likewise may enact suitable regulations to carry out the purposes of this chapter. These regulations must be uniform in each district, but the regulations in one district may differ from those in other districts. ~~A regulation or restriction may not prohibit or prevent the use of land or buildings for farming or ranching or any of the normal incidents of farming or ranching. For purposes of this section, "farming or ranching" means cultivating land for production of agricultural crops or livestock, or raising, feeding, or producing livestock, poultry, milk, or fruit. The term does not include producing timber or forest products, nor does the term include a contract whereby a processor or distributor of farm products or supplies provides grain, harvesting, or other farm services.~~

2. ~~A board of county commissioners may regulate the nature and scope of concentrated feeding operations permissible in the county; however, if a regulation would impose a substantial economic burden on a concentrated feeding operation in existence before the effective date of the regulation, the board of county commissioners shall declare that the regulation is ineffective with respect to any concentrated feeding operation in existence before the effective date of the regulation.~~
3. ~~A regulation may not preclude the development of a concentrated feeding operation in the county. A regulation addressing the development of a concentrated feeding operation in the county may set reasonable standards, based on the size of the operation, to govern its location.~~
4. ~~For purposes of this section, "concentrated feeding operation" means any livestock feeding, handling, or holding operation, or feed yard, where animals are concentrated in an area that is not normally used for pasture or for growing crops and in which animal wastes may accumulate, or in an area where the space per animal unit is less than six hundred square feet [55.74 square meters]. The term does not include normal wintering operations for cattle. For purposes of this section, "livestock" includes beef cattle, dairy cattle, sheep, swine, poultry, horses, and fur animals raised for their pelts.~~
5. ~~A board of county commissioners may not prohibit, through regulation, the reasonable diversification or expansion of a farming or ranching operation.~~
6. ~~This chapter does not include any power relating to the establishment, repair, and maintenance of highways or roads.~~

 4. A board of county commissioners may regulate the type and species of livestock in a concentrated feeding operation, the size of the concentrated feeding operation in animal units, and the location of the concentrated livestock feeding operation. However, if a regulation would impose a substantial economic burden on a concentrated feeding operation in existence before the effective date of the regulation, the board of county commissioners shall declare that the regulation is ineffective with respect to any concentrated feeding operation in existence before the effective date of the regulation.
 5. A board of county commissioners may not preclude the development of a concentrated feeding operation in the county.
 6. A board of county commissioners may not prohibit the reasonable diversification or expansion of a farming or ranching operation.
 7.

58-03-11. Establishment of zoning districts - ~~Limitation—Scope of zoning regulations and restrictions~~ Uniformity.

All such regulations and restrictions must be uniform throughout each district, but the regulations and restrictions in one district may differ from those in other districts. The board of township supervisors may establish institutional controls that address environmental concerns with the state department of health as provided in section 23-20.3-03.1.
- 2- ~~A regulation or restriction may not prohibit or prevent the use of land or buildings for farming or ranching or any of the normal incidents of farming or ranching. For purposes of this section, "farming or ranching" means cultivating land for production of agricultural crops or livestock, or raising, feeding, or producing livestock, poultry, milk, or fruit. The term does not include producing timber or forest products, nor does the term include a contract whereby a processor or distributor of farm products or supplies provides grain, harvesting, or other farm services.~~
- 3- ~~A board of township supervisors may regulate the nature and scope of concentrated feeding operations permissible in the township; however, if a regulation would impose a substantial economic burden on a concentrated feeding operation in existence before the effective date of the regulation, the board of township supervisors shall declare that the regulation is ineffective with respect to any concentrated feeding operation in existence before the effective date of the regulation.~~
