Progress Report

2006-2008 Clients

184 (101 of these are Native American owned) companies registered for services since May 2006. This represents 90% of the current 8(a)/SDB certified companies in North Dakota and 70% of the companies registered in www.CCR.gov as owned by Native Americans.

The Services industry represents the greatest entrepreneurial interest for all client segments, with the majority of service companies in the IT and Printing industries.
