

SENATE BILL NO. 2169

Introduced by

Senators Wardner, Taylor

Representatives Carlson, Delmore

1 A BILL for an Act to amend and reenact sections 57-40.6-01, 57-40.6-02, 57-40.6-03,
2 57-40.6-04, 57-40.6-05, 57-40.6-06, 57-40.6-08, 57-40.6-10, and 57-40.6-12 of the North
3 Dakota Century Code, relating to the application, collection, and use of emergency services
4 communication fees; and to repeal section 57-40.6-11 of the North Dakota Century Code,
5 relating to a report on all standards and guidelines.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1. AMENDMENT.** Section 57-40.6-01 of the North Dakota Century Code is
8 amended and reenacted as follows:

9 **57-40.6-01. Definitions.** In this chapter, unless the context or subject matter otherwise
10 requires:

11 1. "Active prepaid wireless telephone" means a prepaid wireless telephone that has
12 been used by the customer during the month to complete a telephone call for
13 which the customer's card or balance was decremented.

14 2. "Assessed communications service" means a software service, communication
15 connection, cable or broadband transport facilities, or a combination of these
16 facilities, between an end user and a service provider's network that provides the
17 end user, upon dialing 911, access to a public safety answering point through a
18 permissible interconnection to the dedicated 911 network. The term includes
19 telephone exchange access service, wireless service, active prepaid wireless
20 service, and voice over internet protocol service.

21 3. "Automated notification system" means that portion of a telecommunications
22 system that provides rapid notice of emergency situations to the public.

Sixtieth
Legislative Assembly

- 1 ~~7.~~ 11. "Telephone exchange access service" means service to any wire line telephone
2 access line identified by a unique telephone number that provides local wire line
3 access to the telecommunications network to a service subscriber and which
4 enables the subscriber to access the emergency services communications system
5 by dialing the digits 9-1-1 on the subscriber's telephone device.
- 6 ~~8.~~ 12. "Unpublished" means information that is not published or available from directory
7 assistance.
- 8 13. "Voice over internet protocol service" means a service that enables real-time
9 two-way voice communications; requires a broadband connection from the user's
10 location; requires internet protocol-compatible customer premises equipment; and
11 permits users generally to receive calls that originate on the public switched
12 telephone network and to terminate calls to the public switched telephone network.
- 13 ~~9.~~ 14. "Wireless access line" means each active wireless and prepaid wireless telephone
14 number assigned to a commercial mobile radio service subscriber, including end
15 users of resellers.
- 16 ~~10.~~ 15. "Wireless enhanced 911 service" means the service required to be provided by
17 wireless service providers pursuant to the FCC order.
- 18 ~~44.~~ 16. "Wireless service" means commercial mobile radio service as defined in 47 U.S.C.
19 332(d)(1) and includes:
20 a. Services commonly referred to as wireless; and
21 b. Services provided by any wireless real-time two-way voice communication
22 device, including radio-telephone communications used in:
23 (1) Cellular telephone service;
24 (2) Personal communications service; or
25 (3) The functional or competitive equivalent of a radio-telephone
26 communications line used in cellular telephone service, personal
27 communications service, or a network radio access line.
- 28 ~~42.~~ 17. "Wireless service provider" means any entity authorized by the federal
29 communications commission to provide wireless service within the state of North
30 Dakota.

1 **SECTION 2. AMENDMENT.** Section 57-40.6-02 of the North Dakota Century Code is
2 amended and reenacted as follows:

3 **57-40.6-02. Authority of counties or cities to impose fee on ~~telephone exchange~~**
4 **~~access service and on wireless~~ assessed communications service - Procedure.** The
5 governing body of a county or city may impose a fee on ~~the use of telephone exchange access~~
6 ~~service and on the use of wireless service~~ all assessed communications services in accordance
7 with the following requirements:

- 8 1. The governing body shall adopt a resolution that proposes the adoption of the fee
9 permitted under this section. The resolution must specify an effective date for the
10 fee which is no more than two years before the expected implementation date of
11 the emergency services communication system to be funded by the fee. The
12 resolution must include a provision for submitting the proposed fee to the electors
13 of the county or city before the imposition of the fee is effective. The resolution
14 must specify a fee that does not exceed one dollar per month per ~~telephone~~
15 ~~access line and per wireless access line~~ communication connection and must be
16 applied equally upon all assessed communications services.
- 17 2. The question of the adoption of the fee must be submitted on a ballot on which the
18 ballot title of the proposition includes the maximum monthly rate of the proposed
19 fee authorized under subsection 1. The question of the adoption of the fee may be
20 submitted to electors at a general, primary, or special election or at a school district
21 election if the boundaries of the school district are coterminous with the boundaries
22 of the governing body adopting the resolution proposing the adoption of the fee.
23 The fee is not effective unless it is approved by a majority of the electors voting on
24 the proposition. The ballot must be worded so that a "yes" vote authorizes
25 imposition of the fee for an initial six-year period.
- 26 3. If the electors have approved imposition of a fee under this section before July 1,
27 2005, and the governing body of the city or county has not implemented that fee by
28 June 30, 2005, the approval by the electors remains valid until the fee is
29 implemented and, upon implementation, the fee may be imposed for a six-year
30 period and is subject to reimposition under subsection 4.

- 1 4. Any political subdivision that desires to increase the fee, subject to the limitations in
2 subsection 1, before the end of the six-year term, must use the same ballot
3 procedure originally used to authorize the fee. The new ballot question may apply
4 to only the proposed increase and not to the original amount or the original term. If
5 the increase is approved, the new amount may be collected for the balance of the
6 original six-year term. If the fee authorized by this section is approved by the
7 electors, the fee may be reimposed for six additional years without resubmitting the
8 question to the electors.
- 9 5. In any geographic area, only one political subdivision may impose the fee and
10 imposition must be based on the subscriber service address.
- 11 6. In the interest of public safety, where the subscriber's telephone exchange access
12 service boundary and the boundary of the political subdivision imposing the fee do
13 not coincide, and where all of the political subdivisions within the subscriber's
14 telephone exchange access service boundary have not complied with
15 subsection 1, and where a majority of the E911 subscribers within the subscriber's
16 telephone exchange access service boundary have voted for the fee, a telephone
17 exchange access service subscriber whose subscriber service address is outside
18 the political subdivision may receive E911 services by signing a contract
19 agreement with the political subdivision providing the emergency services
20 communication system. The telephone exchange access service provider may
21 collect an additional fee, equal in amount to the basic fee on those subscribers
22 within the exchange boundary. The additional fee amounts collected must be
23 remitted as provided in this chapter.
- 24 7. A fee imposed under this section before August 1, ~~2001, may be~~ 2007, on
25 telephone exchange access service is extended to all wireless service at each
26 ~~subscriber service address within the area in which the fee is imposed only if that~~
27 ~~extension of the fee has been approved by a majority vote of the governing body of~~
28 ~~the city or county upon at least thirty days' prior notice in the official newspaper of~~
29 ~~the city or county that the governing body will consider the issue or by majority vote~~
30 ~~of the electors of the city or county voting on the question upon placement of the~~

1 ~~question on the ballot by the governing body of the city or county at a regular or~~
2 ~~special city or county election~~ assessed communications services.

3 **SECTION 3. AMENDMENT.** Section 57-40.6-03 of the North Dakota Century Code is
4 amended and reenacted as follows:

5 **57-40.6-03. Payment of fee by ~~telephone exchange access service and wireless~~**
6 **assessed communications service subscriber or customer.** ~~The resolution imposing a fee~~
7 ~~under section 57-40.6-02 must include a requirement that the telephone exchange access~~
8 ~~service provider and the wireless~~ assessed communications service provider shall collect the
9 fee from the subscriber or customer of the service. In its

10 1. For prepaid wireless telephone service, the provider shall remit the monthly fee
11 authorized by section 57-40.6-02 based upon each active prepaid wireless
12 telephone associated with this state for each active prepaid wireless telephone
13 customer that has a sufficient positive balance as of the last day of each month.
14 The provider shall remit the fee in a manner consistent with the provider's existing
15 operating or technological abilities, including by customer address, location
16 associated with the wireless telephone number, or reasonable allocation method
17 based upon other relevant data. The fee amount or an equivalent number of
18 minutes may be reduced from the prepaid customer's account. However,
19 collection of the fee in the manner of a reduction of value or minutes from the
20 prepaid customer's account does not constitute a reduction in the sales price for
21 purposes of taxes that are collected at the point of sale.

22 2. For assessed communications service that involves a monthly billing, in the billing
23 statement or invoice to the subscriber, the ~~telephone exchange access service~~
24 provider and the ~~wireless service provider~~ shall state the amount of the fee
25 separately.

26 **SECTION 4. AMENDMENT.** Section 57-40.6-04 of the North Dakota Century Code is
27 amended and reenacted as follows:

28 **57-40.6-04. Fee collection procedure.** ~~A resolution adopted under section 57-40.6-02~~
29 ~~must include adequate procedures for the administration and collection of the fee, including a~~
30 ~~provision for reimbursement to the telephone exchange access service provider and the~~
31 ~~wireless service provider for the actual costs of administration in collection of the fee~~ An

1 assessed communications service provider may retain the actual costs of administration in
2 collection of the fee, not to exceed five percent of the fee collected. The ~~resolution must also~~
3 ~~include a provision that the fee proceeds must be paid by the telephone exchange access~~
4 ~~service provider and the wireless~~ assessed communications service provider within thirty days
5 after it is collected from the subscriber or customer unless the provider has fewer than ten
6 subscribers or customers in a jurisdiction, in which case the provider may pay the proceeds
7 quarterly.

8 **SECTION 5. AMENDMENT.** Section 57-40.6-05 of the North Dakota Century Code is
9 amended and reenacted as follows:

10 **57-40.6-05. Restriction on use of fee proceeds.** The governing body may ~~not~~ use
11 the proceeds of the fee imposed under section 57-40.6-02 solely for any purpose other than as
12 provided in this section.

- 13 1. ~~Within twenty four months after the extension of the fee to wireless access lines~~
14 ~~under subsection 6 of section 57-40.6-02, the governing body shall request~~
15 ~~enhanced 911 service from all wireless carriers providing service as of that date~~
16 ~~within the governing body's jurisdiction.~~
- 17 2. The governing body shall hold the portion of the revenues from the fee on wireless
18 service unexpended in a separate fund until such time as the governing body
19 makes a request for wireless enhanced 911 service or adopts a statement
20 certifying that it is capable of receiving and utilizing wireless enhanced 911 service,
21 whichever is earlier, provided that those revenues may not be expended until the
22 agreements required under subsection 3 have been executed.
- 23 3. The governing body or its designee shall enter into agreements directly with each
24 wireless service provider for only that provider's services necessary to implement,
25 maintain, and operate wireless enhanced 911 service as provided by law. A
26 governing body may not reimburse a wireless service provider for tower
27 construction or for the extension of a wireless service provider's infrastructure
28 which is not directly related to providing wireless enhanced 911 service.
- 29 4. Revenues in excess of the obligations incurred under the agreements specified by
30 this section, ~~as determined on a monthly basis, may only be used for~~

1 implementing, maintaining, or operating the emergency services communication
2 system and may enter into agreements to effectuate the same.

3 ~~5-~~ The governing body or its designee shall deposit the fee proceeds in a separate
4 fund and keep records to show all expenditures for wireless service providers
5 separately from expenditures for telephone exchange access service providers
6 from the fee proceeds.

7 **SECTION 6. AMENDMENT.** Section 57-40.6-06 of the North Dakota Century Code is
8 amended and reenacted as follows:

9 **57-40.6-06. Data base.** Any telephone exchange access service provider providing
10 emergency 911 service shall provide current customer names, addresses, and telephone
11 numbers to each 911 coordinator, the coordinator's designee, or public safety answering point
12 within each 911 system. Information provided under this section must be provided in
13 accordance with the transactional record disclosure requirements of the federal Electronics
14 Communications Privacy Act of 1986, 18 U.S.C. 2703(c)(1)(B)(iii), and in a manner that
15 identifies the names and telephone numbers that are unpublished. The provider shall report
16 data base information regarding new service or a change of service within twenty-four hours of
17 the actual service change unless a longer period is permitted by the jurisdiction. The provider
18 shall report data base information regarding dropped service at least monthly.

19 **SECTION 7. AMENDMENT.** Section 57-40.6-08 of the North Dakota Century Code is
20 amended and reenacted as follows:

21 **57-40.6-08. Emergency services communication system, automated notification**
22 **system, or emergency instructions - Liability.**

23 1. A public agency, public safety agency, ~~telephone exchange access service~~
24 ~~provider, wireless service~~ assessed communications service provider, or person
25 that provides access to an emergency services communication system or an
26 automated notification system, or any officer, agent, or employee of any public
27 agency, public safety agency, ~~telephone exchange access service provider,~~
28 ~~wireless~~ assessed communications service provider, or person is not liable for any
29 civil damages as a result of any act or omission except willful and wanton
30 misconduct or gross negligence in connection with developing, adopting, operating,
31 or implementing any plan or system as provided under this chapter.

1 2. A person who gives emergency instructions through a system as provided under
2 this chapter, to persons rendering services in an emergency at another location, or
3 any person following such instructions in rendering such services, is not liable for
4 any civil damages as a result of issuing or following the instructions, unless issuing
5 or following the instructions constitutes willful and wanton misconduct or gross
6 negligence.

7 3. This section does not waive, limit, or modify any existing immunity or other defense
8 of the state or any political subdivision, or any of its agencies, departments,
9 commissions, boards, officers, or employees, nor does it create any claim for relief
10 against any of these entities.

11 **SECTION 8. AMENDMENT.** Section 57-40.6-10 of the North Dakota Century Code is
12 amended and reenacted as follows:

13 **57-40.6-10. Standards and guidelines.**

- 14 1. The governing body of the local governmental unit with jurisdiction over an
15 emergency 911 telephone system shall be or shall designate a governing
16 committee of the emergency 911 telephone system which shall:
- 17 a. Designate a 911 coordinator.
 - 18 b. Enter written agreements with participating organizations and agencies.
 - 19 c. Designate lines of authority.
 - 20 d. Provide for a written plan for rural addressing, if applicable, which has been
21 coordinated with the local postal authorities. After January 1, 1993, a rural
22 plan must conform to the modified burkle addressing plan. A plan in use
23 before this date does not have to conform with the modified burkle addressing
24 plan. If implemented, all rural addressing signs must comply with the manual
25 on uniform traffic control devices standards.
 - 26 e. Provide for an update of the emergency 911 telephone system's data base
27 annually by obtaining current records from the appropriate
28 telecommunications company.
 - 29 f. Define a records retention plan for all printed and recorded records in
30 accordance with jurisdictional requirements.
 - 31 g. Encourage that coin-free dialing is available for 911 calls.

- 1 h. Define a mechanism to differentiate between emergency 911 telephone calls
- 2 from other calls.
- 3 i. Provide for written operating procedures.
- 4 j. Require the public safety answering point that initially receives an emergency
- 5 call to be responsible for handling that call. If a transfer of an emergency call
- 6 is made to a secondary public safety answering point, the initial public safety
- 7 answering point may not disconnect from the three-way call unless mutually
- 8 agreed upon by the two public safety answering point dispatchers. Upon this
- 9 agreement, the secondary public safety answering point becomes responsible
- 10 for the call.
- 11 k. Beginning June 1, 2002, ensure that the closest available emergency medical
- 12 service is dispatched to the scene of medical emergencies regardless of city,
- 13 county, or district boundaries. The state department of health shall provide
- 14 emergency 911 telephone systems with necessary geographical information
- 15 to assist in the implementation of this subdivision.
- 16 l. Ensure that fee proceeds collected under this chapter are expended in
- 17 accordance with guidelines developed pursuant to section 57-40.6-12 and
- 18 implement an accounting system sufficient to meet the requirements of
- 19 section 57-40.6-05.
- 20 2. The governing committee may:
 - 21 a. Require appropriate liability protection.
 - 22 b. Create a user advisory board.
 - 23 c. Conduct an annual statistical evaluation of services.
 - 24 d. Publish an annual financial report in the official county newspaper.
- 25 3. An emergency 911 telephone system must access and dispatch the following
- 26 services:
 - 27 a. Law enforcement.
 - 28 b. Fire service.
 - 29 c. Emergency medical service.
- 30 4. An emergency 911 telephone system may access and dispatch the following
- 31 services:

- 1 a. Poison control.
- 2 b. Suicide prevention.
- 3 c. Emergency management.
- 4 d. Any other related service in subsection 3 or 4.
- 5 5. The governing committee of an emergency 911 telephone system shall provide
6 that that system:
 - 7 a. Provides twenty-four-hour, seven-day-a-week coverage.
 - 8 b. Dispatches and communicates with service identified in subsection 3.
 - 9 c. Records all incoming 911 calls and related radio and telephone
10 communications.
 - 11 d. Provides alternate measures in the event of an emergency 911 telephone
12 system failure, including an alternate public safety answering point seven-digit
13 number.
 - 14 e. Ensures an adequate grade of service that is statistically based by population
15 to assure access to an emergency 911 telephone system.
 - 16 f. Does not accept one-way call-in alarms or devices.
 - 17 g. Provides access to an emergency 911 telephone system through specialized
18 telecommunications equipment as defined under section 54-44.8-01.
- 19 6. An emergency 911 telephone system may:
 - 20 a. Locate the emergency caller utilizing electronic equipment.
 - 21 b. Provide a mechanism for investigating false or prank calls.
- 22 7. An emergency 911 telephone system must include at least one public safety
23 answering point.
- 24 8. A cellular 911 call must be routed to the appropriate 911 public safety answering
25 point.
- 26 9. An emergency 911 telephone call must be answered by a dispatcher who has
27 completed training through an association of public safety communications officials
28 course or equivalent course. An emergency 911 dispatch center is required to
29 offer emergency medical dispatch instructions on all emergency medical calls.
30 Prearrival instructions must be offered by a dispatcher who has completed an
31 emergency medical dispatch course approved by the division of emergency health

1 services. Prearrival medical instructions may be given through a mutual aid
2 agreement.

3 **SECTION 9. AMENDMENT.** Section 57-40.6-12 of the North Dakota Century Code is
4 amended and reenacted as follows:

5 **57-40.6-12. Reports of coordination of public safety answering points coverage**
6 **Emergency services communications coordinating committee - Membership - Duties.**

- 7 1. The governing body of a city or county, which adopted a fee on ~~telephone~~
8 ~~exchange access service and wireless service~~ assessed communications services
9 under this chapter, shall make an annual report of the income, expenditures, and
10 status of its emergency services communication system. The annual report must
11 be submitted to the ~~division of state radio and to the public safety answering points~~
12 emergency services communications coordinating committee. The committee is
13 composed of three members, one appointed by the North Dakota 911 association,
14 one appointed by the North Dakota association of counties, and one appointed by
15 the adjutant general to represent the division of state radio.
- 16 2. The ~~public safety answering points coordinating~~ committee shall:
- 17 a. Recommend to the legislative council changes to the operating standards for
18 emergency services communications, including training or certification
19 standards for dispatchers;
- 20 b. Develop guidelines regarding the allowable uses of the fee revenue collected
21 under this chapter;
- 22 c. Request, receive, and compile reports from each governing body on the use
23 of the proceeds of the fee imposed under this chapter, analyze the reports
24 with respect to the guidelines, file its report with the legislative council by
25 November first of each even-numbered year regarding the use of the fee
26 revenue, and recommend to the legislative assembly the appropriate
27 maximum fee allowed by section 57-40.6-02; and
- 28 d. Periodically evaluate chapter 57-40.6 and recommend changes to the
29 legislative council.
- 30 3. The committee may initiate and administer statewide agreements among the
31 governing bodies of the local governmental units with jurisdiction over an

1 emergency 911 telephone system to coordinate the procurement of equipment and
2 services, fund the research, administration, and activities of the committee, and
3 contract for the necessary staff support for committee activities.

4 **SECTION 10. REPEAL.** Section 57-40.6-11 of the North Dakota Century Code is
5 repealed.
