RE: WSI Benefits Claim# 2000-620729

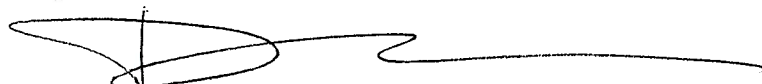

Dear Reader:

Please review the following information for careful consideration.

- 1) Subject: Reduction of my WSI Benefits once attaining the age of 65 years 10 months.
- 2) Results: I have been unable to work due to bilateral wrist carpal tunnel syndrome. Due to the reduction of my WSI Benefits by \$400.00 per month it has caused severe financial hardship on my household. I do not have any 401(K) or pension funds to fall back on. This severe financial hardship may result in the loss of our home purchased in early 2000.
- 3) Solution: A case by case review of each case receiving the WSI Benefits to possibly receive an extension to a person's WSI Benefits until age 70 to accommodate their individual financial situation.

I thank you in advance for your thoughtful consideration of the information I have provided.

Sincerely,

David T. "Whitey" Moser
