2A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

SB 2032 provides an appropriation of \$74,054,859 to the tax commissioner for school district property tax relief, provides an allocation calculation and school district levy limitations.

B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Based on the most recent available information, SB 2032 will reduce school district property taxes by \$74,054,859 in the 2007-09 biennium, and the state general fund will reimburse the school districts for that amount. Generally, SB 2032 limits the optional annual increase in school district general fund tax dollars to 2% more than the annual increase in the Consumer Price Index, to a maximum of 165 mills. Unlimited mill levies are no longer. It is not possible to estimate how much school districts will levy within the new limitations. A school district will not lose any revenue due to this legislation, but future increases are limited.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation is also included in the executive budget or relates to a continuing appropriation.*
