Page 1, after line 11 insert:

"SECTION 2. A new section to chapter 23-27 of the North Dakota Century Code is created and enacted as follows:

Administration of influenza vaccination.

1. A licensed emergency medical technician-paramedic working for a hospital or an emergency medical services operation may administer the influenza vaccine to an individual who is at least eighteen years of age if:
 - a. The physician providing oversight for the emergency medical services operation or the hospital medical director has established protocols that meet department standards that may be based on the advisory committee on immunization practices of the federal centers for disease control and prevention; and
 - b. The emergency medical technician-paramedic has satisfactorily completed a department-approved course on administering vaccines.
2. If a hospital or emergency medical services operation allows the administration of vaccines under this section, the hospital or emergency medical services operation shall maintain records documenting the emergency medical technician-paramedic's completion of the training required under subsection 1. These records are subject to review by the department."
