STATEMENT OF PURPOSE OF AMENDMENT:

This amendment adds funding of \$57,985,938, of which \$18,645,183 is from the general fund, for providing a \$2 per hour salary and benefit supplemental payment for all individuals employed by basic care and nursing care facilities and developmental disabilities providers and for providing a \$2 per hour increase to qualified service providers. The amendment maintains funding included in the House version of the bill providing for 6 percent annual inflationary increases for long-term care providers.
