<sup>1</sup> This amendment removes funding added in the executive budget for state employee salary equity adjustments, the same as the House version.

<sup>2</sup> This amendment decreases funding from the general fund for capital assets by \$20,000 for carpet and tile replacement and decreases funding for operating expenses by \$24,900, of which \$1,619 is from the general fund, for various exercise equipment items under \$5,000, the same as the House version.

<sup>3</sup> Funding for travel expenses is reduced by \$22,000, the same as the House version.

<sup>4</sup> This amendment decreases funding for capital assets to remove funding for a Bobcat utility vehicle, the same as the House version. The Veterans' Home may use funding from federal fiscal stimulus funds, if available, to make this purchase.

<sup>5</sup> This amendment decreases funding for the new Veterans' Home line item to reduce funding for the construction project manager. The House reduced funding for temporary maintenance salaries by \$20,000. The Conference Committee restored the funding for temporary maintenance salaries and reduced the funding for the construction project manager for the same amount. The Senate made no reductions to either the temporary maintenance salaries or the construction project manager funding.

<sup>6</sup> This amendment removes the special fund appropriation and adds contingent funding from the general fund for purchasing a thermal imager if federal funds made available to the state under the American Recovery and Reinvestment Act of 2009 are not available for this purpose, the same as the House version.

<sup>7</sup> This amendment decreases funding from the general fund for operating expenses, the same as the House version.

<sup>8</sup> This amendment provides, in a separate section, funding from federal fiscal stimulus funds for the following items:

Thermal imager (funding from the Department of Commerce)	\$5,500
Electronic health records system	98,400
Bobcat utility vehicle	<u>14,691</u>
Total federal funds	<u>\$118,591</u>

The House version included federal fiscal stimulus funding for a geothermal heating system in the new Veterans' Home facility. The Conference Committee removed this funding and included the appropriation in Senate Bill No. 2075 (2009).

This amendment also:

- Adds a section that directs the Office of Management and Budget to provide three-fourths of 1 percent of any general fund salary equity pool appropriated for salary equity increases for state employees to the Veterans' Home, for the biennium beginning July 1, 2009, and ending June 30, 2011. The House version also included this section.
- Adds a section to require the construction project manager to submit written quarterly summary reports to the Budget Section regarding the new Veterans' Home construction project. The House version also included this section.

- Removes the carpet and floor tile repairs from **one-time** funding, reduces the **one-time** funding for the construction project manager, and identifies the portion of salaries and wages for the FTE positions in the new building from the general fund (\$502,240) as **one-time** funding. The House version also included this section.
- Adds a section to provide the general fund appropriation for the thermal imager (\$5,500) and the electronic health records system (\$98,400) may only be spent to the extent that federal funds, available under the American Recovery and Reinvestment Act of 2009, are not available for these items. The House version also included this section.

This amendment does not include contingent funding from the general fund for the geothermal heating system in the new Veterans' Home facility included in the House version because funding for the geothermal heating system was included in Senate Bill No. 2075 (2009).
