SECTION 3. AMENDMENT. Section 65-05.2-02 of the North Dakota Century Code is amended and reenacted as follows:

1. A claimant whose weekly benefit rate is less than sixty percent of the state's average weekly wage, who is eligible for supplementary benefits and who is receiving temporary total disability benefits, permanent total disability benefits, or death benefits regardless of the date of death, is entitled to receive a weekly supplementary benefit that, when added to the weekly temporary total disability benefit, permanent total disability benefit, or death benefit, equals the ratio of that claimant's weekly benefit to the state's average weekly wage on the date of the claimant's first disability, times the state's average weekly wage in effect at the date eligibility for supplementary benefits is achieved. The organization shall determine on an annual basis, for a claimant who receives a supplementary

2. A claimant whose weekly benefit rate is greater than or equal to sixty percent of the state's average weekly wage, who is eligible for supplementary benefits and who is receiving temporary total disability benefits, permanent total disability benefits, or death benefits regardless of the date of death, is entitled to receive a weekly supplementary benefit equal to a percentage of that claimant's weekly benefit. That percentage is equal to the annual percentage change in the state's average weekly wage. That percentage is equal to the annual percentage change in the state's average weekly wage.

If a claim has been accepted on an aggravation basis under section 65-05-15 and the claimant is eligible for supplementary benefits, the claimant's supplementary benefit must be proportionally calculated.

SECTION 4. APPLICATION. Sections 2 and 3 of this Act apply to temporary total disability recipients or permanent total disability recipients who filed a claim before January 1, 2006, and whose first date of eligibility for supplementary benefits under this Act occurs after June 30, 2009.
