1. During the 2009-11 biennium, the board of each school district shall use an amount equal to at least seventy percent of all new money received by the district for per student payments to increase the compensation paid to teachers, counselors, and career advisors and to provide compensation to

teachers, counselors, and career advisors who begin employment with the district on or after July 1, 2009.

2. For purposes of this section, the superintendent of public instruction shall calculate the amount of new money received by a district during the 2009-11 biennium by:
 - a. Determining the total amount of dollars in the 2009-11 biennium grants - state school aid line item in the appropriation bill for the superintendent of public instruction, as approved by the sixty-first legislative assembly, and subtracting from that amount:
 - (1) Equity payments under section 15.1-27-11;

 - c. Subtracting the amount arrived at under subdivision b from the amount arrived at under subdivision a.
3. For purposes of this section, money made available to the state as a result of federal action to stimulate the national economy or to address state fiscal recovery does not constitute new money unless the money is distributed through the state school aid formula as provided in chapter 15.1-27.
4. School districts providing educational services under a cooperative agreement approved by the superintendent of public instruction must be treated as a single district for purposes of this section.
5.
 - a. This section does not apply to a school district if the board of the school district, after a public hearing at which public testimony and documentary evidence are accepted, determines in its discretion and by an affirmative vote of two-thirds of the members of the board that complying with subsection 1 would place the school district in the position of having insufficient fiscal resources to meet the school district's other obligations.

- b. Within ten days of the vote required by subdivision a, the school board shall notify the superintendent of public instruction of its action and shall file a report detailing the grounds for its determination and action.
 - c. The superintendent of public instruction shall report all notices received under this subsection to the legislative council.
