

Sixty-first  
Legislative Assembly  
of North Dakota

**SENATE BILL NO.**

Introduced by

Senator Fischer

1 A BILL for an Act to create and enact a new section to chapter 61-02 of the North Dakota  
2 Century Code, relating to the state water commission as lead agency for the Red River valley  
3 water supply project; and to amend and reenact section 61-39-01, subsections 8, 9, and 12 of  
4 section 61-39-05, and section 61-39-16 of the North Dakota Century Code, relating to the Red  
5 River valley water supply project.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1.** A new section to chapter 61-24.7 of the North Dakota Century Code is  
8 created and enacted as follows:

9 **State water commission to have primary responsibility for Red River valley water**  
10 **supply project.** The state water commission has primary responsibility for and is the lead  
11 agency for the Red River valley water supply project. The state water commission as lead  
12 agency applies to any agreements or contracts affecting the Red River valley water supply  
13 project.

14 **SECTION 2. AMENDMENT.** Section 61-39-01 of the North Dakota Century Code is  
15 amended and reenacted as follows:

16 **61-39-01. Findings and declaration of policy.** The legislative assembly declares that  
17 many areas and localities in eastern North Dakota do not enjoy adequate quantities of  
18 high-quality drinking water; that other areas and localities in eastern North Dakota do not have  
19 sufficient quantities of water to ensure a dependable, long-term supply; that greater economic  
20 security and the protection of health and property benefits the land and water resources of this  
21 state; and that the promotion of the prosperity and general welfare of all of the people of this  
22 state depend on the effective development and utilization of the land and water resources of  
23 this state and necessitates and requires the exercise of the sovereign powers of this state and  
24 concern a public purpose. To accomplish this public purpose, it is declared necessary that a

1 water authority to store and distribute water to eastern North Dakota be established to provide  
2 for the supply and distribution of water to the people of eastern North Dakota for purposes,  
3 including domestic, rural water, municipal, livestock, light industrial, and other uses, with  
4 primary emphasis on domestic, rural water, and municipal uses; and provide for the future  
5 economic welfare and prosperity of the people of this state, and particularly the people of  
6 eastern North Dakota, by the bulk purchase of water from the Garrison Diversion Conservancy  
7 District delivered by the Red River valley water supply project for beneficial and public uses.  
8 ~~The Garrison Diversion Conservancy District~~ state water commission may acquire, construct,  
9 improve and own the Red River valley water supply project may acquire, construct, improve,  
10 and own the Red River valley water supply project and the Lake Agassiz water authority may  
11 enter one or more contracts to provide for the authority to acquire bulk water from the Garrison  
12 Diversion Conservancy District and may enter water supply contracts with member cities and  
13 water districts for the resale of this water for consumption within or outside the state.

14 The legislative assembly acknowledges that North Dakota and Minnesota communities  
15 jointly use the Red River as a water resource. It is in the best interest of eastern North Dakota  
16 also to study and possibly provide for the water needs of those Minnesota communities through  
17 a Red River valley water supply project, particularly if that project maintains the use of the Red  
18 River for North Dakota communities.

19 In furtherance of this public purpose, the state water commission may provide for the  
20 issuance of bonds in accordance with chapter 61-02 to finance the costs of any project to  
21 deliver water to eastern North Dakota. This chapter does not abrogate or limit the rights,  
22 powers, duties, and functions of the state water commission or state engineer, but is  
23 supplementary to those rights, powers, duties, and functions.

24 **SECTION 3. AMENDMENT.** Subsections 8, 9, and 12 of section 61-39-05 of the North  
25 Dakota Century Code are amended and reenacted as follows:
