1. ~~Sixty-three~~ Sixty-one and three-tenths percent of such moneys must be transferred monthly to the state department of transportation and placed in a state highway fund.
2. ~~Thirty-seven~~ Two and seven-tenths percent must be transferred monthly to the township highway fund.
3. One and five-tenths percent must be transferred monthly to the public transportation fund.
4. Thirty-four and five-tenths percent of such moneys must be allocated to the counties of this state in proportion to the number of motor vehicle registrations credited to each county. Each county must be credited with the certificates of title of all motor vehicles registered by residents of ~~such~~ the county. The state treasurer shall compute and distribute the counties' share monthly after deducting the incorporated cities' share. All the moneys received by the counties from the highway tax distribution fund must be set aside in a separate fund called the "highway tax distribution fund" and must be appropriated and applied solely for highway purposes in accordance with section 11 of article X of the Constitution of North Dakota. The state treasurer shall compute and distribute monthly the sums allocated to the incorporated cities within each county according to the formula in this subsection on the basis of the per capita population of all of the incorporated cities situated within each county as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to ~~such~~ the census. ~~Provided, however, that~~ However, in each county having a city with a population of ten thousand or more, the amount transferred each month into the county highway tax distribution fund must be the difference between the amount allocated to that county pursuant to this subsection and the total amount allocated and distributed to the incorporated cities in that county as computed according to the following formula:

 - b. The share distributed to each city in the county having a population of less than one thousand must be determined by multiplying the population of that city by the product of 1.50 times the statewide per capita average computed under subdivision a.
 - c. The share distributed to each city in the county having a population of one thousand to four thousand nine hundred ninety-nine, inclusive, must be determined by multiplying the population of that city by the product of 1.25 times the statewide per capita average computed under subdivision a.
 - d. The share distributed to each city in the county having a population of five thousand or more must be determined by multiplying the population of that city by the statewide per capita average for all such cities, which per capita average must be computed as follows: the total of the shares computed under subdivisions b and c for all cities in

the state having a population of less than five thousand must be subtracted from the total incorporated cities' share in the state as computed under subdivision a and the balance remaining must then be divided by the total population of all cities of five thousand or more in the state.

The moneys allocated to the incorporated cities must be distributed to them monthly by the state treasurer and must be deposited by the cities in a separate fund and may only be used in accordance with section 11 of article X of the Constitution of North Dakota; ~~provided, that any~~ and an incorporated city may use ~~such the~~ fund for the construction, reconstruction, repair, and maintenance of public highways within or outside ~~such the~~ city pursuant to an agreement entered into between the city and any other political subdivision as authorized by section 54-40-08.
