

**Sixty-first Legislative Assembly of North Dakota
In Regular Session Commencing Tuesday, January 6, 2009**

HOUSE BILL NO. 1412
(Representatives Brandenburg, J. Kelsh, Kretschmar, Vigesaa)
(Senators Erbele, Taylor)

AN ACT to amend and reenact section 57-40.6-02 of the North Dakota Century Code, relating to the fee imposed for emergency services communications; to provide for a legislative council study; and to provide an expiration date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 57-40.6-02 of the North Dakota Century Code is amended and reenacted as follows:

57-40.6-02. Authority of counties or cities to impose fee on assessed communications service - Procedure. The governing body of a county or city may impose a fee on all assessed communications services in accordance with the following requirements:

1. The governing body shall adopt a resolution that proposes the adoption of the fee permitted under this section. The resolution must specify an effective date for the fee which is no more than two years before the expected implementation date of the emergency services communication system to be funded by the fee. The resolution must include a provision for submitting the proposed fee to the electors of the county or city before the imposition of the fee is effective. The resolution must specify a fee that does not exceed one dollar per month per communication connection and must be applied equally upon all assessed communications services.
2. The question of the adoption of the fee must be submitted on a ballot on which the ballot title of the proposition includes the maximum monthly rate of the proposed fee authorized under subsection 1. The question of the adoption of the fee may be submitted to electors at a general, primary, or special election or at a school district election if the boundaries of the school district are coterminous with the boundaries of the governing body adopting the resolution proposing the adoption of the fee. The fee is not effective unless it is approved by a majority of the electors voting on the proposition. The ballot must be worded so that a "yes" vote authorizes imposition of the fee for an initial six-year period.
3. If the electors have approved imposition of a fee under this section before July 1, 2005, and the governing body of the city or county has not implemented that fee by June 30, 2005, the approval by the electors remains valid until the fee is implemented and, upon implementation, the fee may be imposed for a six-year period and is subject to reimposition under subsection 4.
4. Any political subdivision that desires to increase the fee, subject to the limitations in subsection 1, before the end of the six-year term, must use the same ballot procedure originally used to authorize the fee. The new ballot question may apply to only the proposed increase and not to the original amount or the original term. If the increase is approved, the new amount may be collected for the balance of the original six-year term. If the fee authorized by this section is approved by the electors, the fee may be reimposed for six additional years without resubmitting the question to the electors.
5. In any geographic area, only one political subdivision may impose the fee and imposition must be based on the subscriber service address.

6. In the interest of public safety, where the subscriber's telephone exchange access service boundary and the boundary of the political subdivision imposing the fee do not coincide, and where all of the political subdivisions within the subscriber's telephone exchange access service boundary have not complied with subsection 1, and where a majority of the E911 subscribers within the subscriber's telephone exchange access service boundary have voted for the fee, a telephone exchange access service subscriber whose subscriber service address is outside the political subdivision may receive E911 services by signing a contract agreement with the political subdivision providing the emergency services communication system. The telephone exchange access service provider may collect an additional fee, equal in amount to the basic fee on those subscribers within the exchange boundary. The additional fee amounts collected must be remitted as provided in this chapter.
7. A fee imposed under this section before August 1, 2007, on telephone exchange access service is extended to all assessed communications services and remains in effect until changed under this section.
8. Political subdivisions within an intrastate multicounty public safety answering point may exceed the maximum fee of one dollar to an amount not to exceed one dollar and fifty cents. The governing body of the political subdivision may increase the fee by resolution subject to a vote in that political subdivision at the next general election.

SECTION 2. LEGISLATIVE COUNCIL STUDY - EMERGENCY SERVICES COMMUNICATION. During the 2009-10 interim, the legislative council shall consider studying the equity of the 911 fee structure, including consideration of fees, taxes, assessments for services, equity of services, and payments among residents within service areas; fee collection methods; and current and future funding of emergency services communications in the state. The legislative council shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-second legislative assembly.

SECTION 3. EXPIRATION DATE. Section 1 of this Act is effective through June 30, 2012, and after that date is ineffective.

Speaker of the House

President of the Senate

Chief Clerk of the House

Secretary of the Senate

This certifies that the within bill originated in the House of Representatives of the Sixty-first Legislative Assembly of North Dakota and is known on the records of that body as House Bill No. 1412.
