

15.1-27-23. Weather or other emergency conditions — Closure of schools — State payments to school districts.

If because of severe weather or other emergency conditions a school or school district remains closed or provides less than a full day of instruction, the school or school district shall make every effort to reschedule classes so that students receive at least one hundred seventy-three full days of instruction. Any school or school district for which the rescheduling of classes would create undue hardship may request that, for purposes of calculating state payments to the school or school district, the governor waive the rescheduling in whole or in part. The governor may not grant a waiver for less than a full day of instruction.
