Legislative Procedures and Arrangements

March 10, 2010
Harvest Room

AGENDA

- Pioneer room sound system
- Kiosk monitor proposal
- Replacement of old CRT monitors by elevator banks
- Recommendations

PIONEER ROOM SOUND SYSTEM

During the December 14, 2009 committee meeting it was noted that a sound system for the Pioneer room could be considered in the future.

Bosch conferencing system similar to that in the other rooms:

Cost - \$8,622.50

Benefit – Same systems as other rooms
Removable

KIOSK MONITOR PROPOSAL

During the December 14, 2009 a presentation was delivered on adding monitors above the chamber entrance doors.

KIOSK MONITOR PROPOSAL CONT.

During this same presentation we presented a plan for the kiosk outside the chambers.

KIOSK MONITOR PROPOSAL CONT.

Lets try a new plan:

The monitors originally quoted for above the chamber doors will display the calendar information for the corresponding chamber.

The monitors to replace the aging CRT monitors on the kiosk will display the corresponding chamber's committee schedules.

How about combining them?

KIOSK MONITOR PROPOSAL CONT.

KIOSK MONITOR PROPOSAL CONT.

Cost - \$16,710

Benefit – Avoids any mounting above chamber doors. Updates aging CRT monitors used for committee meetings and provides a quick view of chamber calendars.

CRT MONITORS BY ELEVATOR BANKS

During the December 14, 2009 committee meeting it was requested that a quote be established for replacing the aging CRT monitors by the elevator banks rather than abandoning the site. It was also stated that the Capitol Groups Planning Commission was to be informed of our decision.

CRT MONITORS BY ELEVATOR BANKS CONT.

Current

CRT MONITORS BY ELEVATOR BANKS CONT.

31.6" W x 19.5" H

existing box
~ 24"W x 26" tall

Proposed

CRT MONITORS BY ELEVATOR BANKS CONT.

Cost - \$4,185

Benefit – No change to current location of public information existing mounting poles can be re-used.

After the Capitol Groups Planning Commission met, Jim Smith, Jay Buringrud and myself met with John Boyle (012910). Alternate locations were proposed.

CRT MONITORS BY ELEVATOR BANKS CONT.

CGPC – Proposal

Place monitors on the south entrance pillars facing south and north. This would effectively serve traffic coming in the north doors and that from the south doors.

After consulting with the vendor, it is not advisable to place monitors by the south entrance facing south due to ceiling height being lower than that in the hall of fame. Could only place on south entrance facing north.

CRT MONITORS BY ELEVATOR BANKS CONT.

Monitor
31.6" x 19.5"

Monitor
31.6" x 19.5"

~18.5" from ceiling
to bottom edge

Cost - \$4,755

View - Looking
South

CRT MONITORS BY ELEVATOR BANKS CONT.

Alternatively, two more monitors could be placed above the north entrance for serving the traffic from the south. Cost would be similar approximately \$4,700.

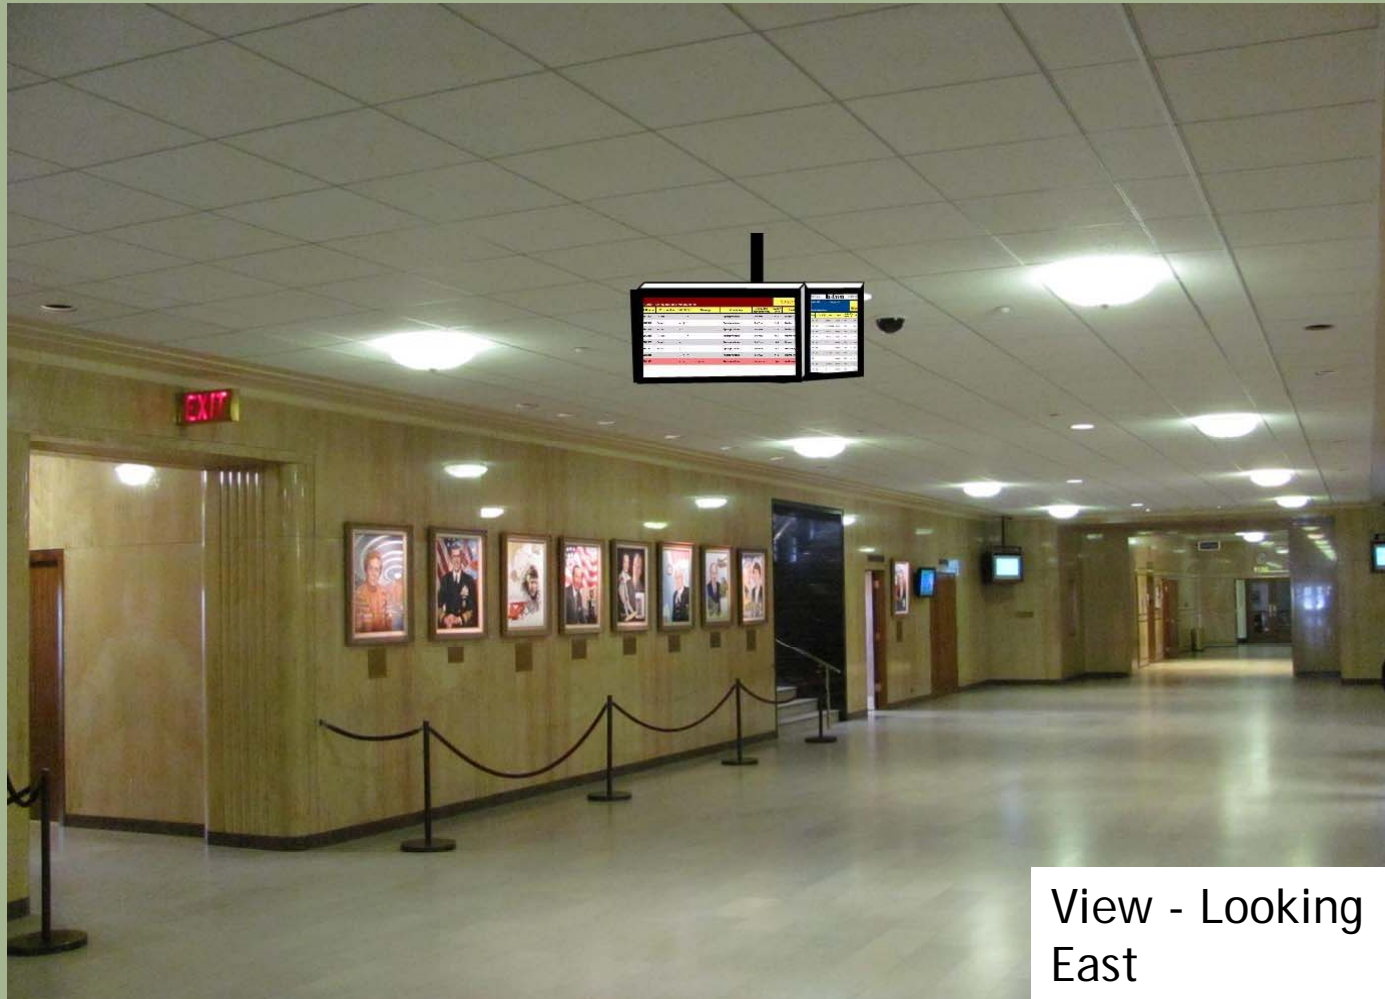

CRT MONITORS BY ELEVATOR BANKS CONT.

After discussing with the vendor we offer the following proposal:

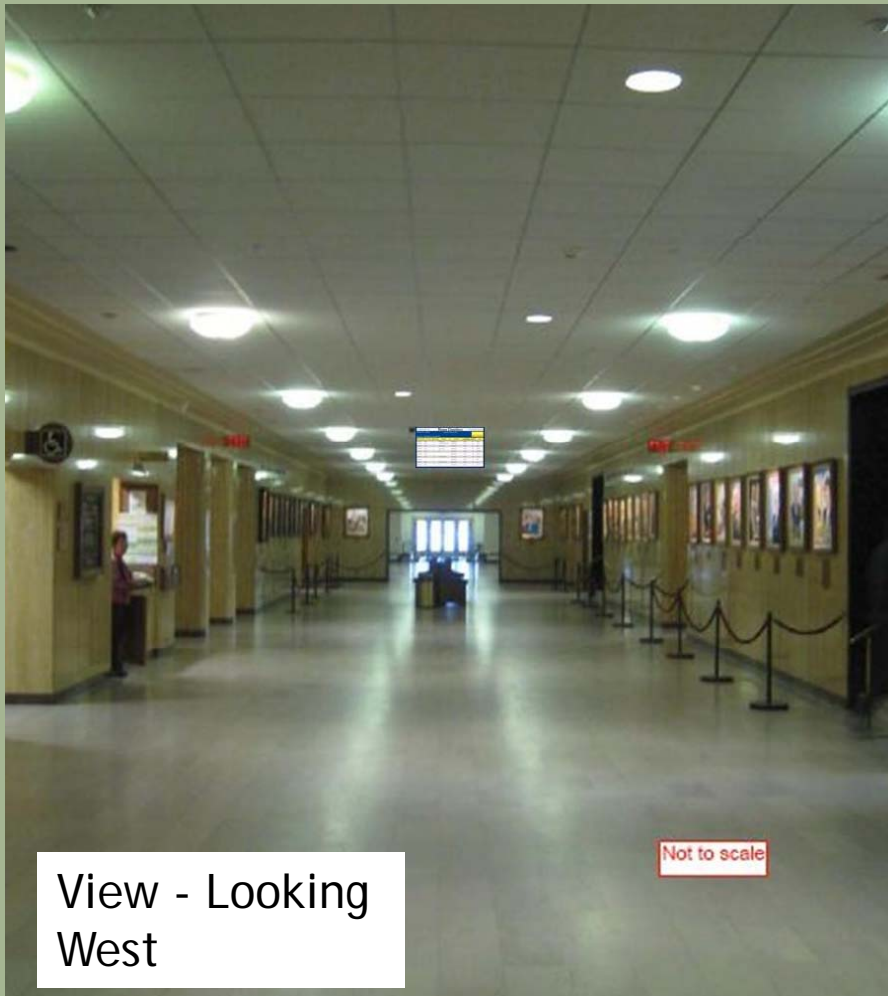

Place a ceiling mounted monitor system in the center of the hall of fame. This releases any wall space that may be potentially used in the future for portraits and allows for serving all traffic regardless of entrance direction to the legislative wing.

CRT MONITORS BY ELEVATOR BANKS CONT.

View - Looking
East

CRT MONITORS BY ELEVATOR BANKS CONT.

View - Looking
West

CRT MONITORS BY ELEVATOR BANKS CONT.

View - Looking North

View - Looking South

CRT MONITORS BY ELEVATOR BANKS CONT.

Cost of the ceiling mount of 4 monitor system -
\$8,455

Benefit – Allows viewing for all traffic areas. Allows for additional items to be displayed such as committee hearings, chamber calendars, general announcements etc.

RECOMMENDATION #1

Approve the Pioneer room sound system

Cost - \$8,622.50

Benefit – Same systems as other rooms
Removable

RECOMMENDATION #2

Approve the kiosk monitor proposal

Cost - \$16,710

Benefit – Avoids any mounting above chamber doors.
Updates aging CRT monitors used for committee meetings and provides a quick view of chamber calendars.

RECOMMENDATION #3

Approve the ceiling mounted 4 monitor system for the hall of fame area

Cost - \$8,455

Benefit – Allows viewing for all traffic areas. Allows for additional items to be displayed such as committee hearings, chamber calendars, general announcements etc.

Questions

BACKUP SLIDES

ELEVATOR CRT REPLACEMENT

At existing location - \$4,185 (2 monitors)

At south entrance - \$4,755 (2 monitors)

\$9,510 (4 monitors)

Ceiling mount - \$8,455 (4 monitors)
