

**Report to
TRIBAL AND STATE RELATIONS COMMITTEE
By Greg Gallagher
Department of Public Instruction
April 16, 2010**

Mr. Chairman and Members of the Tribal and State Relations Committee:

I am Greg Gallagher, Director of Standards and Achievement within the Department of Public Instruction. I am here representing the Department to present student achievement statistics for the Native American student subgroup statewide and to address related educational issues.

My testimony will be extemporaneous and the focus of my testimony will center on a variety of student demographic and achievement data that specifically address the Native American student subgroup. It is my intent, within the confines of our restricted time limit, to present an overview of currently available data, to identify ongoing research efforts, and to seek clarification from the Tribal and State Relations Committee regarding its desire to explore certain areas in greater detail.

My testimony includes the following tables and charts that I will reference to address specific aspects of the issues at hand.

Appendix A: Districts and schools that did not make adequate yearly progress by subgroup.

Appendix B: Achievement and participation rates by subgroup on the North Dakota State Assessment (NDSA) in reading, mathematics, and science.

Appendix C: Achievement rates by subgroup on the National Assessment of Educational Progress (NAEP) in mathematics, reading, and science, Grades 4 and 8.

Appendix D: Comparative reading rates, by district, for all students and Native American student subgroup.

Appendix E: Comparative mathematics rates, by district, for all students and Native American student subgroup.

Appendix F: Comparative graduation rates, by district, for all students.

Appendix G: Comparative attendance rates, by district, for all students.

Appendix H: ACT composite achievement rates by subgroup.

I wish to extend to the Committee and its members any technical assistance it requires from the Department to conduct its independent study. You may contact me at 328-1838 or by email at ggallagher@nd.gov.

Throughout my extemporaneous presentation, I will be ready to address any questions from members of the Committee.

Appendix A:

**Districts and schools that did not make
adequate yearly progress by subgroup**

Appendix G:

Comparative attendance rates, by district, for all students

Comparative District Report for District 40-001: Dunseith 1 (0K-12)

Note: Achievement goals are raised every three years and may vary among categories when insufficient student numbers exist and multiple-year averaging is required. All students are held to the state's challenging achievement standards.

Report: North Dakota Assessment - State

2008-09

State of North Dakota

Average Daily Attendance

For the past five years, the Native American student population comprised 4% of the total number of North Dakota students taking the ACT. For each of the past five years, Native American students scored approximately 3.5 composite points lower than the state average and earned an average composite score lower than all other identified subgroups.

Table 2.4. Average ACT Composite Scores for Race/Ethnicity by Level of Preparation

Student Group	Race/Ethnicity	Number of Students	Percent Taking	Average ACT Composite Score	
		Tested	Core or More	Core or More	Less Than Core
State	All Students	5,791	67	22.6	19.3
	African American/Black	54	76	20.0	15.1
	American Indian/Alaska Native	230	56	18.7	16.6
	Caucasian American/White	5,181	68	22.8	19.6
	Hispanic	47	62	21.4	18.3
	Asian American/Pacific Islander	43	70	23.3	16.9
	Other/No Response	236	59	23.1	18.7
National	All Students	1,480,469	70	22.0	19.1
	African American/Black	196,149	64	17.6	15.9
	American Indian/Alaska Native	15,773	59	20.1	17.4
	Caucasian American/White	941,206	73	23.0	20.1
	Hispanic	133,569	67	19.6	17.3
	Asian American/Pacific Islander	59,093	80	23.7	21.4
	Other/No Response	134,679	63	22.2	19.0

ACT has identified a correlation between enrollment in “core or more” classes and performance on the ACT examination. “Core or more” is defined as four or more years of English and three or more years each of math, social studies, and natural science. In 2009, 56% of North Dakota Native American students took core or more classes, the lowest percentage of any North Dakota subgroup. This percentage is slightly lower than the national percentage of Native American students taking core classes or more. Native American students in North Dakota taking more than core classes earned the average lowest composite score of all identified subgroups.

ACT Results for North Dakota Native American Students

Figure 3.5. Percent of Students Meeting ACT College Readiness Benchmark Scores by Race/Ethnicity: ALL FOUR

In 2009, 24% of North Dakota seniors met all four ACT College Readiness Benchmark scores. Of the Native American students taking the ACT in 2009, 4% met all four readiness benchmarks, the lowest percentage of identified subgroups.
