2011 HOUSE STANDING COMMITTEE MINUTES

House Agriculture Committee Peace Garden Room, State Capitol

HCR 3001 January 20, 2011 #13137

Conference Committee

Committee Clerk Signature Te Mae	Kuehn	_	

Explanation or reason for introduction of bill/resolution:

Directing Legislative Management to continue its study of NDCC provisions relating to Agriculture.

Minutes:

Representative Mueller, Interim Chairman: This continues the process of the rewrite. There are a few cleanup things even in the seed laws regarding potatoes. The frustration is the length of the process. If it is going to be done it should be done correctly. To give a sense of what is to happen, we have 10 titles and 107 chapters that involve agriculture law. We have accomplished 20 chapters with rewrite efforts up to this time. Some are not as involved as the State Seed Dept. or the Noxious Weed Laws but some will be.

I urge passage of HCR 3001 so the process can continue.

Opposition: none

Representative Rust: Moved a Do Pass on HCR 3001 and place it on the Consent

Calendar.

Vice Chairman Kingsbury: Seconded the motion

A Roll Call vote was taken. Yes: 12, No: 0, Absent: 2,

Representative Wall and Boe)

Motion carried for DO PASS.

Representative Mueller will carry the bill.

Senator Flakoli: Meeting called to order this 3rd day of March, 2011 at 9:30 am. HCR 3001.

Phil Mueller: District 24 (Attachment #1) ND Century Code Chapters relating to Ag

Senator Flakoll: Curious about the tree bounty and trees for ND program (section 4-12)

Phil Mueller: This is not to change laws or take away....confused with some change to make it more black and white. Law needed to make more definite and clear. I am here to encourage support the approval of HCR 3001 bill.

Senator Flakoli Compliment you on a job well done.....this is a clean bill, not making changes, and making it well understood.

Senator Larsen: Is list in any order?

Phil Mueller: Yes and no. The legislative council was aware of more problematic areas. If it is a pressing area/order, the efforts were stressed in those areas. If you see something needs to be a change of order, let us know.

Senator Flakoll: Questions? Anita Thomas

Anita Thomas: Here in support of the bill. We are here for moving commas and closely making certain the law is clearly written. Many people wonder about the paper intensive and desire of changes are for the record and approved going into the 2011 session to be continued.

Senator Heckaman: What chapters are you working on next?

Senate Agriculture Committee HCR 3001 March 3, 2011 Page 2

AnitaThomas: We are discussing the laws pertaining to animal treatment is rising to top ...with fertilizer coming, as another concern, to our attention.

Senator Flakoll; Do you agree this should be the same as past session or could it be possibly put in the study of animal welfare bill? Do you agree they should be separate bills?

AnitaThomas: They are quite parallel, except for the language; however we recommend it be a stand alone chapter.

Senator Flakoli; Animal welfare making changes?

Anita Thomas: Yes

Senator Flakoll: Anyone in opposition?

Senator Flakoli: Close hearing on HCR 3001

Senator Heckaman: I move a Do Pass on HCR 3001

Senator Luick: Second the motion

Senator Flakoll; Luick carry the bill.
