Explanation or reason for introduction of bill/resolution:

Declaring March 10, 2011 as "Canada Day at the ND Capitol"

Minutes:

Chairman Bette Grande opened the hearing on HCR 3025.

Rep. Dennis Johnson, District 15, appeared. **Attachment 1.** I am an alternate member to the legislative forum that meets once a year, usually in June, and that consists of South Dakota, Minnesota, Manitoba, and North Dakota and we rotate our meeting locations. We talk of common interests, border crossings, and water issues. We have a hard time getting Devils Lake on the agenda, but at the last meeting we did consume the whole day talking about Devils Lake. It does give us the opportunity to have that dialog and develop relationships and friendships with these people. Fifty percent of our international trade out of North Dakota goes to Canada. Energy coming out of Canada, the oil, the pipelines, the energy that comes out of Canada, they are number one. Our number one importer of energy comes out of Canada and it is more than the second and third importers that come to the United States which is Venezuela and Mexico. Canada surpasses them both when they are added together. They are a very good partner of ours. My only regret is I am going to be gone the 10th when he is here so I am going to miss it.

Rep. Lonny Winrich: Is there some special significance about March 10 or is that just a day when the Consul General happens to be here?

Rep. Dennis Johnson: That is why we picked the 10th to accommodate his presence that day and so we can have a little something to offer to that group that is going to be here too that day. I would add that when you look at the makeup of the membership of this resolution or signed on there, Rep. Delmore and Senator Fischer are on the steering committee of this legislative forum that meets every year and Rep. Monson and myself and Senator Wardner have been attending the meetings.

No one was neutral or in opposition to this resolution.

The hearing was closed.

Rep. Mark Sanford made a motion for a **Do Pass**.

Rep. Lisa Meier seconded the motion.

DO PASS, 12 YEAS, 0 NAYS, 1 ABSENT. Rep. Glen Froseth is the carrier of this resolution. This is on the consent calendar.

Explanation or reason for introduction of bill/resolution:

A concurrent resolution declaring March 10, 2011, as "Canada Day at the North Dakota Capitol."

Minutes:

Testimony Attached

Representative Denis Johnson: District 15, Devils Lake. See attached testimony #1.

Representative Dave Monson: District 10, Osnabrock. I stand in support of the resolution.

Senator Nelson: We have newcomers on the committee can you tell them what the legislative

Representative Monson: It has been going on for 12 years; it started off as a way to communicate about water with the 4 jurisdictions. It has been a very good thing to be on; we have it every year, excellent communication.

Senator Nelson: IFMEP meetings have been held in Bismarck and we have now expanded it to more topics.

Rod Bachman: Honoree Council Canada to North Dakota. I think that you will enjoy it, he is planning a speech. There is so much in common with Canada, trade, agriculture and inevitably they want to talk about water

Chairman Dever: It is interesting to see that some of the products that they exported to North Dakota were electricity and natural gas even though we are a large producer of those products.

Rod Bachman: A few years ago we saw a huge increase right after the Bakken came on. I think that now it has changes and it is going south for processing.

Senator Nelson: Can you explain to us how the Canadians choose their Council General

Rod Bachman: There are, I think, 14 Consulate offices in the United States, we have more than most other countries. In this case Martin handles 5 different states.

Senator Nelson: Who appointed him?

Rod Bachman: The premiere appointed him.

There was no one else present to speak in support, opposition or a neutral position on HCR 3025 and Chairman Dever closed the public hearing. A motion for a do pass was made by Senator Berry with a second by Senator Nelson; there was no further discussion, roll was taken, the motion passed and Chairman Dever carried it to the floor.
