**North Dakota is the #4 producer of oil in the United States and Bowman County is #5 producer of oil in North Dakota. For Bowman County this amounts to 6% of the total tax dollars returned to the county. For all the governments and schools in the county this amounts to 12.5% of the total tax dollars returned to the county. Why doesn't Bowman County receive more benefits from the tax dollars taken out of the county by the state?**
