a/ includes total revenues per the general ledger, utilizing the item type report as a secondary source where necessary to disaggregate fee revenues

b/ at MaSU \$195 tech fee + \$795 laptop fee; at VCSU \$200 tech fee + \$798 laptop fee

c/ In addition to program fees, UND has a program specific tuition rate in law, CLS-UG, medicine, OT and PT and NDSU in Pharmacy

d/ Includes Aviation Simulator Course Fee (\$917,506) and Continuing Enrollment fee \$137,300 (student is charged \$100/credit in place of tuition)

e/ BSC engaged in a review of course fees in Fall 2011. Collections identified above relate to 95 course fees in effect in FY11. FY12 collections for current 57 course fees is estimated at \$117,000.

f/ BSC assesses a differential tuition rate for distance learning courses. For energy programs, it is a market-based rate. Revenue is included in tuition collections. The revenue identified

here is estimated by calculating the difference between the distance rates and the traditional campus rates times the distance learning credits. On average it amounts to about \$51/credit hour.

g/ at LRSC \$48,800 of technology fee and \$117,120 of college/stdnt. govt. fee was accounted for as tuition collections, but has been included in the fee amount reported above

1/ SBHE approved

2/ Chancellor approved

3/ President approved

4/ President approved within guidelines established by SBHE

NORTH DAKOTA UNIVERSITY SYSTEM FEE LISTING, PREPARED FOR INTERIM HE COMMITTEE, September 2011

* Additional fees are charged for a number of specific programs at BSC, DSU, LRSC, MiSU, MiSU-BC, NDSCS, NDSU, UND and WSC. These program fees are not included in the tuition and/or fee amounts in this schedule.

** Key: a=Undergraduate, b=Graduate, c=Law, d=Medicine, e=Physical Therapy (schedule reflects full-time flat rate. Summer students pay 50%), f=Occupational Therapy, g=Special rates given to NDSCS nonresident and contiguous state/province students who live on campus with a meal plan, h=NDSCS business & industry ptsp programs (with formal signed contracts) which serve multi-state areas, i=NDSU Professional Pharmacy

In addition to the rates listed in this table, other special rates exist for other student categories such as WICHE/WUE students and non-resident dependents and spouses of NDUS campus graduates.

(Note: This schedule does not include tuition rates for all programs, but covers the major programs offered.)

(1) Per credit hour for less than 12 hours per semester, except at BSC, LRSC, NDSCS, VCSU and WSC (see footnotes 4, 5, 6, 7, 10 & 12).

(2) Other living arrangements such as married and family housing, hi-rises, suites, mobile home parks, and 3-4 person apartments are also available on the campuses.

(3) The rates listed for BSC and MiSU represents the average single and double room rates of the dormitories. These campuses charge different rates for different dormitories.

(4) The part-time rate for fees at LRSC is based on 16 credit hours per semester, except the "Connect ND" & "NDSA" fees, which are capped at 12 credit hours per semester.

(5) MaSU and MiSU charge the per credit (part-time) rate for 1-11 credit hours and for additional credits over 18, and the full-time rate for 12-18 credit hours. MaSU's fees include TabletPC computer (\$795) and

technology (\$195) fees for guaranteed continuous access to a TabletPC, backpack, up-to-date software, integrated technology in classrooms, network and printer access and enhanced, high-speed wireless Internet access throughout campus.

(6) BSC charges the per credit (part-time) tuition rate for all credit hours. Technology fees are capped at 13 credit hours per semester and all other fees are capped at 12 credit hours per semester.

(7) NDSCS charges the per credit (part-time) tuition rate for all credit hours. Fees are capped at 12 credit hours per semester.

(8) UND charges the per credit (part-time) tuition rate for all credit hours for Law. Mandatory fees are capped at 12 credit hours per semester.

(9) VCSU charges the per credit (part-time) tuition rate for all credit hours. Fees are capped at 12 credit hours per semester.

(10) Includes notebook computer (\$798) and technology (\$200) fees for guaranteed continuous access to a notebook computer, case, software license fees, insurance for damage or loss, integrated technology in classrooms, and enhanced, high-speed wireless network and Internet access throughout campus.

(11) WSC charges the per credit (part-time) tuition and fee rate for all credit hours except for the 15th and 16th credits, which are at no charge. "Connect ND" & "NDSA" fees are capped at 12 credit hours per semester.

SUBJECT: 800s: Financial Affairs

EFFECTIVE: April 8, 2010

Section: 805.2 Student Activity Fees

1. Student activity fees are intended to support activities for the benefit or enrichment of students or recognized groups of students. Institutions may collect student activity fees subject to the following conditions and procedures.
 - a. Institutions may collect from each student a student government activity fee to support student government and other student activities, including, but not limited to, student organizations and clubs, lyceums, drama, music, field trips and student publications. The amount of the fee shall be established by a vote of either the student body or its elected representative body as determined by institution policies and approved by the institution president. Funds raised by the fee shall be administered by the institution student government and shall be allocated as part of an annual budget adopted by the student government pursuant to that organization's procedures and approved by the institution president. Institution and student government policies shall include a process for organizations to request review of funding allocations.
 - b. Institutions may collect from each student a university or college fee to support activities for the benefit of the student body, including, but not limited to, debt retirement, student union operations, athletics and placement services. The amount of the fee shall be established by the institution president; provided, however, that prior to instituting a fee, changing the fee or reallocating fee revenues, the president shall notify the institution student government body and provide students an opportunity for input on the proposed action according to procedures adopted by the institution for that purpose.
2. Institutions may establish policies governing waiver of student activity fees for students who audit courses, senior citizens, students enrolled only in distance education courses or other student categories.
3. Institutions shall collect from each student a fee in the amount of three cents per credit hour, limited to twelve credit hours, to support the North Dakota student association. Funds raised by the fee shall be dedicated to the support of the NDSA and its activities.

SUBJECT: 800s: Financial Affairs **EFFECTIVE:** June 17, 2010

Section: 805.3 Application, Course, Program and Other Miscellaneous Fees

1. Institutions shall charge these fees:

- a. An application fee charged all students applying to an institution at either the undergraduate or graduate level or to a professional program. The undergraduate application fee shall be the same at each institution. The graduate application fee shall be the same at each graduate institution. The Chancellor shall approve application fees. Upon an institution's request and documentation of special circumstances, the Chancellor may approve a waiver of the application fee.
- b. An audit fee for courses available for audit not less than one half of the per credit hour resident tuition charge for the course. Institutions shall waive the audit fee for on-campus courses for persons 65 years of age or older and may adopt policies providing for waiver of the fee under other circumstances defined by those policies.
- c. A course challenge fee to students who elect to earn credit for a course through testing rather than regular enrollment, not to exceed fifty percent of the regular per credit hour tuition charge (resident or nonresident) for the course. This fee does not apply to students who earn credit by taking a standardized test for credit or advanced placement.
- d. A fee approved by the Chancellor, on a per credit hour basis, to students seeking postsecondary credit pursuant to articulation agreements with secondary schools.
- e. A technology fee to be used for networking or technology purposes. Fee revenue sufficient to retire bonds used for campus networking issued pursuant to N.D.C.C. ch. 15-55 shall be dedicated for that purpose pursuant to applicable law. Additional fee revenue shall be used for technology purposes, including acquisition of technology and software, infrastructure, technology support staff, training and related expenses. Institutions shall establish procedures providing for student input concerning the amount of the fee and use of fee revenue. The Chancellor shall approve the amount of the fee at each institution.
- f. A fee approved by the Board for administrative, financial and student information systems replacement costs.
- g. A fee approved by the chancellor, not to exceed fifty percent of the regular per credit hour tuition charge (resident or non-resident), for attached credit. "Attached credit" means credit for instruction sponsored or approved by an institution taught by an instructor not employed or paid by the institution.
- h. A fee approved by the chancellor, not to exceed fifty percent of the regular per credit hour tuition charge (resident or non-resident), for prior learning credit.

2. Institutions may charge these additional fees:

- a. A capacity enrollment fee, in addition to the application fee, to students applying to programs for which enrollment is limited.
- b. A distance learning access fee to students taking distance learning courses. The fee may not exceed the resident per credit tuition charge for the course, except with approval of the Chancellor.
- c. Special course fees to cover added and unique costs specifically related to a particular course. Such fees may include, but are not limited to, laboratory fees, welding fees, data processing fees, fees for required periodicals, tests or liability insurance.

- d. Program fees, restricted to students enrolled in a particular program to support programs that have exceptional and critical needs that are not adequately funded through other sources. Program fee revenue must be allocated for the primary benefit of students enrolled in that program. Such benefits may include, but are not limited to, instructional and support staff, library, equipment, supplies and student stipends. Program fees are intended to meet exceptional and unique needs in a program and not those common to all programs; they are not intended as an extension to course fees or other fees that are generally charged all students. Institutions shall establish procedures providing for student input, including input from students enrolled in affected programs for which a program fee is collected or proposed, concerning program fee proposals and allocation of fee revenue. A summary of student reaction to the proposal shall be included with any request to establish or change a program fee. A program fee may be instituted or increased only with Board approval. All requests for new program fees to support new academic programs must be submitted for Board consideration as part of the new program request. All requests for new or revised program fees for existing academic programs must be submitted for consideration when the Board acts on annual budget guidelines, including tuition rates and other fees. Program fee requests must be submitted on a form approved by the Chancellor for that purpose.
- e. Parking fees and such additional incidental fees as may be necessary to facilitate the operation of the institution.
