- 14 board's powers and duties under this chapter, unless the act or omission constitutes
- 15 willful or wanton misconduct. Participation by an insurer or third-party administrator in

- 30 2. Each insurer's or third-party administrator's proportion of the assessment and the
- 31 dates upon which the insurer or third-party administrator must pay the assessment into

1 the fund must be determined by the board based on annual statements and other
2 reports considered necessary by the board. In making the assessment determination,
3 the board also shall consider such factors as the number of vaccine doses
4 administered in the pertinent time period and the number of program-eligible children
5 in the pertinent time period, as well as any necessary costs and expenses to
6 administer the fund and discharge the duties of the board.

7 3. Each insurer or third-party administrator shall pay the insurer's or third-party
8 administrator's annual assessment in at a minimum of quarterly installments on the
9 date specified by the board.

10 4. An insurer or third-party administrator shall pay an assessment made by the board
11 within sixty days of the notice of assessment being sent to the insurer or third-party
12 administrator.

13 5. For late or nonpayment of assessments by an insurer or third-party administrator, the
14 board shall impose interest at the rate of one percent of the unpaid assessment due
15 for each month or fraction of a month during which the assessment remains unpaid,
16 computed from the due date of the assessment to the date paid, excepting the month
17 in which the assessment was required to be paid or the assessment became due. If an
18 insurer's or third-party administrator's assessment remains partly or fully unpaid for
19 more than ninety days from the due date, the board may impose a penalty of up to two
20 times the amount of the unpaid assessment. In addition, the board may refer the
21 insurer or third-party administrator to the insurance commissioner who may use any
22 sanctions available to penalize for nonpayment of the assessment.

23 6. For good cause, an insurer or third-party administrator may seek from the board a
24 deferment from all or part of an assessment imposed by the board. The board may
25 defer all or part of the assessment if the board determines that the payment of the
26 assessment would place the insurer or third-party administrator in a financially
27 impaired condition, as provided in title 26.1. If all or part of an assessment against an
28 insurer or third-party administrator is deferred, the amount deferred may be assessed
29 against the other insurers and third-party administrators in a manner consistent with
30 the basis for assessment provided under this section. The insurer or third-party
31 administrator receiving the deferment remains liable to the fund for the amount

1 deferred and may be referred to the insurance commissioner who may use any
2 sanctions available.

3 7. The initial assessments as determined by the board must be paid to the fund before
4 October 1, 2011.

5 8. The moneys raised by the assessment authorized in this section must be used solely
6 for the purposes expressly authorized by this chapter.

7 **North Dakota vaccine fund.**

8 There is created in the state treasury the North Dakota vaccine fund. Moneys in the fund
9 must be appropriated by the legislative assembly solely for purposes established by this
10 chapter. All interest and earnings of the fund must be retained in the fund. Any entity subject to
11 this assessment is not entitled to a credit for this assessment against tax due under section
12 26.1-03-17.

14 amended and reenacted as follows:

17 may require the childhood immunizations specified in subsection 1 of section
18 23-07-17.1 and other information be reported to the department. The state department
19 of health may only require the reporting of childhood immunizations and other data
20 upon completion of the immunization information reporting system. A health care
21 provider who administers a childhood immunization shall report the patient's
22 identifying information, the immunization that is administered, and other required
23 information to the department. The report must be submitted using electronic media,
24 and must contain the data content and use the format and codes specified by the
25 department.

26 2. A health care provider that fails to submit a required immunization report within four
27 weeks of vaccination may not order or receive any vaccines from the North Dakota
28 immunization program until the provider submits all reports required by this section.

29 3. Notwithstanding any other provision of law, a health care provider, elementary or
30 secondary school, early childhood facility, public or private postsecondary educational
31 institution, city or county board of health, district health unit, and the state health officer

1 may exchange immunization data in any manner with one another. Immunization data
2 that may be exchanged under this section is limited to the date and type of
3 immunization administered to a patient and may be exchanged regardless of the date
4 of the immunization.
