4 the vaccines for children program and the federal section 317 immunization grant
5 program and then through assessments collected from insurers and third-party
6 administrators. The department shall identify methodology and procedures for
7 determining assessments that are fair and equitable for insurers and third-party
8 administrators, including a third-party administrator for a self-insurance plan. The
9 department may assess a subgroup of insurers and third-party administrators based
10 on immunization volume or other factors as approved by the department. The

17 purchasing contract.

18 **Vaccine ordering program - Assessment.**

19 1. An insurer or third-party administrator shall pay the insurer's or third-party

25 department the assessment.

26 3. For late or nonpayment of an assessment by an insurer or third-party administrator,
27 the department shall impose interest at the rate of one percent of the unpaid
28 assessment due for each month or fraction of a month during which the assessment
29 remains unpaid, computed from the due date of the assessment to the date paid,
30 excepting the month in which the assessment was required to be paid or the
31 assessment became due. If an insurer's or third-party administrator's assessment

1 remains partly or fully unpaid for more than ninety days from the due date, the
2 department may impose a penalty not to exceed two times the amount of the unpaid
3 assessment. In addition, the department may refer the insurer or third-party
4 administrator to the insurance commissioner who may use any sanctions available to
5 penalize for nonpayment of the assessment.

6 4. For good cause, an insurer or third-party administrator may request that the
7 department grant a deferment from all or part of an assessment. The department may
8 defer all or part of the assessment if the department determines the payment of the
9 assessment would place the insurer or third-party administrator in a financially
10 impaired condition, as provided under title 26.1. If all or part of an assessment against
11 an insurer or third-party administrator is deferred, the amount deferred may be
12 assessed against the other insurers and third-party administrators in a manner
13 consistent with the basis for assessment provided under this section. The insurer or

2 2011.
