As determined by the director of the department of mineral resources, a county is eligible for a distribution under this subsection if the county produced fewer than 100,000 barrels of oil for the month of November 2012 and after November 2012 the number of active oil rigs operating in the county in any one month exceeds four rigs. Upon the determination by the director of the department of mineral resources that a county is eligible for a distribution under this section, the commissioner of university and school lands shall provide \$1,250,000 to the county for defraying expenses associated with oil and gas development impacts in the county. The county, in determining the use of the funds received, shall consider and, to the extent possible, address the needs of other political subdivisions in the county resulting from the impact of oil and gas development.

The county commission from each county awarded a grant shall file a report with the director of the energy infrastructure and impact office by January 1, 2014, regarding any product used to control dust and the success or failure of the product in controlling dust. The director of the energy infrastructure and impact office may develop grant procedures and requirements necessary for distribution of grants under this section. The director of the energy infrastructure and impact office shall consult with the state department of health and the industrial commission relating to the use of oilfield-produced saltwater and products previously tested for dust control.

A hub city as defined in section 57-51-01 is eligible to receive grants from the oil and gas impact grant fund only to the extent provided for under this subsection. Of the funding allocation provided for in this subsection, \$2,000,000 is available for grants to the hub city receiving the greatest percentage of allocations to hub cities under subdivision a of subsection 1 of section 57-51-15, \$7,000,000 is available for grants to the hub city receiving the second greatest percentage of allocations to hub cities under subdivision a of subsection 1 of section 57-51-15, and \$5,000,000 is available for grants to the hub city receiving the third greatest percentage of allocations to hub cities under subdivision a of subsection 1 of section 57-51-15.
