Sixty-third
Legislative Assembly
of North Dakota

HOUSE BILL NO. 1189

Introduced by

Representatives Skarphol, Drovdal, Hatlestad

Senators Carlisle, Lyson

1   A BILL for an Act to create and enact a new section to chapter 39-06.1 of the North Dakota

2   Century Code, relating to alternative speeding fees for certain nonresidents; and to provide a

3   continuing appropriation.

4   **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

5   **SECTION 1.** A new section to chapter 39-06.1 of the North Dakota Century Code is created

6   and enacted as follows:

7   **Nonresident speeding fees - Continuing appropriation.**

8   Notwithstanding any other provision of law, if an operator of a vehicle is stopped for a

9   violation of section 39-09-02 or equivalent ordinance, the operator is the registered owner of the

10   vehicle, and there is evidence that the operator is gainfully employed in this state, the fee for the

11   violation is the higher of the fee in section 39-06.1-06 or equivalent ordinance, or the highest

12   fee, fine, or bond for a speed limit violation at any speed and location in the home state. The

13   superintendent of the highway patrol shall provide a schedule of the highest fees, fines, or

14   bonds for other states every two years and make the schedule available to police officers. A

15   determination of the highest fee by the superintendent is deemed to be the highest fee. If the

16   the fee, fine, or bond in the other state is higher than in this state, the difference is assessed as

17   a special fee for deposit in the state treasury. The state treasurer shall distribute monthly the

18   special fees deposited in the state treasury for a citation issued by a county police officer to the

19   sheriff of the county in which the violation occurred and for a citation issued by the highway

20   patrol to the operating fund of the highway patrol. All fees deposited in the state treasury under

21   this section are appropriated on a continuing basis for distribution as provided in this section.
