11 appropriate in-kind or cash match.
- 12 b. For purposes of this section, "reimbursable expenses" include costs for
13 instructors, training staff as instructors, instructional materials, and training
14 manikins.
- 15 c. A school district's reimbursement may not exceed the equivalent of \$22.50
16 multiplied by the number of district students undergoing the training during the
17 first year of the biennium and \$15 multiplied by the number of district students
18 undergoing the training during the second year of the biennium, based on the
19 number of hours and level of certification offered. A nonpublic school's
20 reimbursement may not exceed the equivalent of \$22.50 multiplied by the
21 number of the school's students undergoing the training during the first year of
22 the biennium and \$15 multiplied by the number of the school's students
23 undergoing the training during the second year of the biennium, based on the
24 number of hours and level of certification offered.
