2 Disciplinary action may be imposed against a licensee upon any of the following grounds:

- 3 1. The use of any false, fraudulent, or forged statement or document, or the use of any
4 fraudulent, deceitful, dishonest, or immoral practice, in connection with any of the
5 licensing requirements.
- 6 2. The conviction of any misdemeanor determined by the board to have a direct bearing

25 medical imaging or radiation therapy.
- 26 12. The use of any false, fraudulent, or deceptive statement in any document connected
27 with the performance of medical imaging or radiation therapy.
- 28 13. The failure to maintain in good standing, including completion of continuing education
29 or recertification requirements, a certification from a nationally-recognized certification
30 organization recognized by the board for the medical imaging or radiation therapy
31 modality for which a license has been issued by the board.

1 14. The imposition by another state, jurisdiction, or certification organization recognized by
2 the board of disciplinary action against a license, certification, or other authorization to
3 perform medical imaging or radiation therapy based upon acts or conduct by the
4 medical imaging or radiation therapy professional which would constitute grounds for
5 disciplinary action under this section. A certified copy of the record of the action taken
6 by the other state, jurisdiction, or certification organization is conclusive evidence of
7 that action.

8 15. The failure to furnish the board or the investigative panel or investigators or

17 fees, incurred by the board and its investigative panels in the investigation and prosecution of
18 the case. When applicable, the medical imaging or radiation therapy professional's license may
19 be suspended until the costs are paid to the board. A medical imaging or radiation therapy
20 professional may challenge the reasonableness of any cost item in a hearing under chapter
21 28-32 before an administrative law judge. The administrative law judge may approve, deny, or
22 modify any cost item, and the determination of the judge is final. The hearing must occur before
23 the medical imaging or radiation therapy professional's license may be suspended for
24 nonpayment.

25 **Practicing without a license - Violation of chapter - Penalty.**

26 An individual who performs medical imaging or radiation therapy in this state without
27 complying with this chapter, and any individual who violates any provision of this chapter for
28 which another penalty is not specified is guilty of a class B misdemeanor. In addition to the
29 criminal penalties provided, the civil remedy of injunction is available to restrain and enjoin
30 violations of any provision of this chapter without proof of actual damages sustained by any
31 person.

1 **SECTION 4. APPROPRIATION -- REPAYMENT.** There is appropriated out of any moneys in-
2 the general fund in the state treasury, not otherwise appropriated, the sum of \$50,000, or so-
3 much of the sum as may be necessary, to the North Dakota medical imaging and radiation-
4 therapy board of examiners for the purpose of establishing the board, adopting rules, and
5 funding the licensure program, for the biennium beginning July 1, 2015, and ending June 30,
6 2017.-
7 — After the first three full fiscal years after the board is established, and every three years-
8 thereafter, if a surplus of funds exists which is greater than two years budgeted operating-
9 expense for the board, the funds must be transferred to the general fund.
