- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

This bill creates a Missouri River council and makes the Water Commission responsible for funding it.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Sections 8 of the bill provides the council members with mileage and expenses paid by the Water Commission. Section 9 allows the Water Commission to hire an executive director.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Using the mileage rate of .575 X 25 people X 200 miles round trip X 10 meetings (5 per year) would equate to \$28,750. Per Diem, \$35 for 25 people X 10 meeting is \$8,700. Estimating 2 meetings per biennium that would require air travel with an overnight for 5 attendees would add another \$7500. This totals \$44,950.

Adding another FTE to the Commission to serve as the executive director is estimated at \$220,000. No additional costs have been included for support staff.

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*

The appropriation amounts are the same as the expenditure amounts.
