1 A BILL for an Act to amend and reenact section 54-35-26 of the North Dakota Century Code,  
2 relating to dynamic fiscal impact analysis of economic development tax incentives reviewed by  
3 a legislative management interim committee; to provide an appropriation; and to provide an  
4 expiration date.

5 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

6 **SECTION 1. AMENDMENT.** Section 54-35-26 of the North Dakota Century Code is  
7 amended and reenacted as follows:

8 **54-35-26. Legislative interim committee review of economic development tax**  
9 **incentives.**

10 The legislative assembly enacts economic development tax incentives with the intent to  
11 encourage businesses to locate, grow, and remain in the state; to enhance employment  
12 opportunities for citizens; and to foster the most advantageous direction, diversity, and growth of  
13 the state economy. The legislative assembly requires systematic, detailed analysis of enacted  
14 economic development tax incentives to assure that incentives are, and will continue, serving  
15 the intended purposes in a cost-effective and equitable manner consistent with the intent of the  
16 legislative assembly. To serve this intent and requirement:

- 17 1. During each interim, the legislative management shall assign to a legislative  
18 management interim committee study responsibility that includes completing the  
19 analysis of economic development tax incentives as provided in this section and  
20 reporting its findings and any associated recommended legislation to the legislative  
21 management. Upon the directive of the legislative management, the interim committee  
22 assigned that responsibility shall perform, as a pilot project, a dynamic fiscal impact  
23 analysis for each economic development tax incentive selected for review during the  
24 2017-18 interim.

- 1           2. The legislative management interim committee assigned the study responsibility under  
2 this section shall analyze each incentive, applying considerations relevant to the  
3 perceived goals of the incentive, including any or all of the following:
- 4           a. The extent of achievement of the goals of the incentive and whether unintended  
5 consequences have developed in its application.
  - 6           b. Whether the design and application of the incentive can be improved.
  - 7           c. The extent of complementary or duplicative effect of other incentives or  
8 governmental programs.
  - 9           d. Whether the incentive has a positive influence on business behavior or rewards  
10 business behavior that is likely to have occurred without the incentive.
  - 11           e. The effect of the incentive on the state economy, including the extent of primary  
12 sector operation of the recipient and any competitive disadvantage imposed or  
13 benefit conferred on other state businesses, any benefit or burden created for  
14 local government, and the extent of the incentive's benefit that flows to  
15 out-of-state concerns.
  - 16           f. The employment opportunities generated by the incentive and the extent those  
17 represent career opportunities.
  - 18           g. Whether the incentive is the most effective use of state resources to achieve  
19 desired goals.
  - 20           h. If the committee's analysis of the incentive is constrained by lack of data, whether  
21 statutory or administrative changes should be made to improve collection and  
22 availability of data.
- 23           3. The legislative management interim committee assigned the study responsibility under  
24 this section may examine economic development tax incentives, shall complete  
25 analysis of the state-imposed tax aspects of the incentives it designates for analysis  
26 during the interim, and shall approve a plan to provide that each of the economic  
27 development tax incentives listed in this subsection is subject to a complete analysis
