¹ Funding for employee health insurance is adjusted to reflect the updated premium amount of \$1,241 per month.

² One FTE position and related funding is removed, the same as the House version. The Senate also removed 1 FTE position, resulting in a total of 2 FTE positions removed from the base budget.

³ Funding of \$15,000 from the general fund is moved from the veterans' affairs line item to a transport vans line item. An additional \$3,600 is added from the general fund to the transport vans line item to provide funding for one van in the department's base budget, the same as the House version.

⁴ One-time funding of \$18,600 is added from the general fund for an additional transport van, resulting in total funding of \$37,200 for two transport vans, the same as the House version. The Senate approved funding of \$15,000 for transport vans.

This amendment also:

- Adds a section to identify the amount of funding included in the bill for the increase in employee health insurance premiums.
- Restores \$25,000 from the general fund for the purpose of training up to two service dogs to assist North Dakota veterans with post traumatic stress disorder, to provide a total of \$50,000 from the general fund for up to four service dogs, the same as the Senate version. The House approved a total of \$25,000 from the general fund to provide training for up to two service dogs.

Reengrossed SB 2025 was placed on the Seventh order of business on the calendar.

REPORT OF CONFERENCE COMMITTEE

SB 2134, as engrossed: Your conference committee (Sens. Unruh, Cook, Oban and Reps. Keiser, D. Anderson, Mock) recommends that the **HOUSE RECEDE** from the House amendments as printed on SJ pages 1268-1273, adopt amendments as follows, and place SB 2134 on the Seventh order:

That the House recede from its amendments as printed on pages 1268-1273 of the Senate Journal and pages 1462-1467 of the House Journal and that Engrossed Senate Bill No. 2134 be amended as follows:

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to create and enact chapter 61-33.1 of the North Dakota Century Code, relating to the ownership of mineral rights of land inundated by Pick-Sloan Missouri basin project dams; to provide appropriations; to provide a contingent line of credit; to provide for retroactive application; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Chapter 61-33.1 of the North Dakota Century Code is created and enacted as follows:

61-33.1-01. Definitions.

For purposes of this chapter, unless the context otherwise requires:

1. "Corps survey" means the last known survey conducted by the army corps of engineers in connection with the corps' determination of the amount of land acquired by the corps for the impoundment of Lake Sakakawea and Lake Oahe, as supplemented by the supplemental plats created by the branch of cadastral survey of the United States bureau of land management.
2. "Historical Missouri riverbed channel" means the Missouri riverbed channel as it existed upon the closure of the Pick-Sloan Missouri basin project dams, and extends from the Garrison Dam to the southern border of sections 33 and 34, Township 153 North, range 102 West, which is the approximate location of river mile marker 1,565, and from the South Dakota border to river mile marker 1,303.
3. "Segment" means the individual segment maps contained within the corps survey final project maps for the Pick-Sloan project dams.
4. "State phase two survey" means the "Ordinary High Water Mark Survey Task Order #2 Final Technical Report" commissioned by the board of university and school lands.

61-33.1-02. Mineral ownership of land inundated by Pick-Sloan Missouri basin project dams.

The state sovereign land mineral ownership of the riverbed segments inundated by Pick-Sloan Missouri basin project dams extends only to the historical Missouri riverbed channel up to the ordinary high water mark. The state holds no claim or title to any minerals above the ordinary high water mark of the historical Missouri riverbed channel inundated by Pick-Sloan Missouri basin project dams, except for original grant lands acquired by the state under federal law and any minerals acquired by the state through purchase, foreclosure, or other written conveyance. Mineral ownership of the riverbed segments inundated by Pick-Sloan Missouri basin project dams which are located within the exterior boundaries of the Fort Berthold reservation and Standing Rock Indian reservation is controlled by other law and is excepted from this section.

61-33.1-03. Determination of the ordinary high water mark of the historical Missouri riverbed channel.

1. The corps survey must be considered the presumptive determination of the ordinary high water mark of the historical Missouri riverbed channel, subject only to the review process under this section and judicial review as provided in this chapter.
2. Upon the effective date of this Act, the department of mineral resources shall commence procurement to select a qualified engineering and surveying firm to conduct a review of the corps survey under this section. The review must be limited to the corps survey segments from the northern boundary of the Fort Berthold Indian reservation to the southern border of sections 33 and 34, Township 153 North, range 102 West. Within ninety days of the first date of publication of the invitation, the department shall select and approve a firm for the review. The department may not select or approve a firm that has a conflict of interest in the outcome of the review, including any firm that has participated in a survey of the Missouri riverbed for the state or a state agency, or participated as a party or expert witness in any litigation regarding an assertion by the state of mineral ownership of the Missouri riverbed.
3. The selected and approved firm shall review the delineation of the ordinary high water mark of the corps survey segments. The review must determine whether clear and convincing evidence establishes that a portion of the corps survey does not reasonably reflect the ordinary high water mark of the historical Missouri riverbed channel under state law. The following parameters, historical data, materials, and applicable state laws must be considered in the review:
 - a. Aerial photography of the historical Missouri riverbed channel existing before the closure date of the Pick-Sloan project dams;
 - b. The historical records of the army corps of engineers pertaining to the corps survey;
 - c. Army corps of engineers and United States geological survey elevation and Missouri River flow data;
 - d. State case law regarding the identification of the point at which the presence of action of the water is so continuous as to destroy the value of the land for agricultural purposes, including hay lands. Land where the high and continuous presence of water has destroyed its value for agricultural purposes, including hay land, generally must be considered within the ordinary high water mark. The value for agricultural purposes is destroyed at the level where significant, major, and substantial terrestrial vegetation ends or ceases to grow. Lands having agricultural value capable of growing crops or hay, but not merely intermittent grazing or location of cattle, generally must be considered above the ordinary high water mark; and
 - e. Subsection 3 of section 61-33-01 and section 47-06-05, which provide all accretions are presumed to be above the ordinary high water mark and are not sovereign lands. Accreted lands may be determined to be within the ordinary high water mark of the historical Missouri riverbed channel based on clear and convincing evidence. Areas of low-lying and flat lands where the ordinary high water mark may be impracticable to determine due to inconclusive aerial photography or inconclusive vegetation analysis must be presumed to be above the ordinary high water mark and owned by the riparian landowner.
4. The firm shall complete the review within six months of entering a contract with the department of mineral resources. The department may

extend the time required to complete the review if the department deems an extension necessary.

5. Upon completion of the review, the firm shall provide its findings to the department. The findings must address each segment of the corps survey the firm reviewed and must include a recommendation to either maintain or adjust, modify, or correct the corps survey as the delineation of the ordinary high water mark for each segment. The firm may recommend an adjustment, modification, or correction to a segment of the corps survey only if clear and convincing evidence establishes the corps survey for that segment does not reasonably reflect the ordinary high water mark of the historical Missouri riverbed channel under state law.
6. The department shall publish notice of the review findings and a public hearing to be held on the findings. The public must have sixty days after publication of the notice to submit comments to the department. At the end of the sixty days, the department shall hold the public hearing on the review.
7. After the public hearing, the department, in consultation with the firm, shall consider all public comments, develop a final recommendation on each of the review findings, and deliver the final recommendations to the industrial commission, which may adopt or modify the recommendations. The industrial commission may modify a recommendation from the department only if it finds clear and convincing evidence from the resources in subsection 3 that the recommendation is substantially inaccurate. The industrial commission's action on each finding will determine the delineation of the ordinary high water mark for the segment of the river addressed by the finding.

61-33.1-04. Implementation.

1. Within six months after the adoption of the final review findings by the industrial commission:
 - a. Any royalty proceeds held by operators attributable to oil and gas mineral tracts lying entirely above the ordinary high water mark of the historical Missouri riverbed channel on both the corps survey and the state phase two survey must be released to the owners of the tracts, absent a showing of other defects affecting mineral title; and
 - b. Any royalty proceeds held by the board of university and school lands attributable to oil and gas mineral tracts lying entirely above the ordinary high water mark of the historical Missouri riverbed channel on both the corps survey and the state phase two survey must be released to the relevant operators to distribute to the owners of the tracts, absent a showing of other defects affecting mineral title.
2. Upon adoption of the final review findings by the industrial commission:
 - a. The board of university and school lands shall begin to implement any acreage adjustments, lease bonus and royalty refunds, and payment demands as may be necessary relating to state-issued oil and gas leases. The board shall complete the adjustments, refunds, and payment demands within two years after the date of adoption of the final review findings.
 - b. Operators of oil and gas wells affected by the final review findings immediately shall begin to implement any acreage and revenue adjustments relating to state-owned and privately owned oil and gas interests. The operators shall complete the adjustments within two years after the date of adoption of the review findings. Any applicable penalties, liability, or interest for late payment of royalties or revenues from an affected oil or gas well may not begin to accrue

until the end of the two-year deadline. The filing of an action under section 61-33.1-05 tolls the deadline for any oil and gas well directly affected by the action challenging the review finding.

61-33.1-05. Actions challenging review findings.

An interested party seeking to bring an action challenging the review findings or recommendations or the industrial commission actions under this chapter shall commence an action in district court within two years of the date of adoption of the final review findings by the industrial commission. The plaintiff bringing an action under this section may challenge only the final review finding for the section or sections of land in which the plaintiff asserts an interest. The state and all owners of record of fee or leasehold estates or interests affected by the finding, recommendation, or industrial commission action challenged in the action under this section must be joined as parties to the action. A plaintiff or defendant claiming a boundary of the ordinary high water mark of the historical Missouri riverbed channel which varies from the boundary determined under this chapter bears the burden of establishing the variance by clear and convincing evidence based on evidence of the type required to be considered by the engineering and surveying firm under subsection 3 of section 61-33.1-03. Notwithstanding any other provision of law, an action brought in district court under this section is the sole remedy for challenging the final review, recommendations, and determination of the ordinary high water mark under this chapter, and preempts any right to rehearing, reconsideration, administrative appeal, or other form of civil action provided under law.

61-33.1-06. Public domain lands.

Notwithstanding any provision of this chapter to the contrary, the ordinary high water mark of the historical Missouri riverbed channel abutting nonpatented public domain lands owned by the United States must be determined by the branch of cadastral study of the United States bureau of land management in accordance with federal law.

61-33.1-07. State engineer regulatory jurisdiction.

This chapter does not affect the authority of the state engineer to regulate the historical Missouri riverbed channel, minerals other than oil and gas, or the waters of the state, provided the regulation does not affect ownership of oil and gas minerals in and under the riverbed or lands above the ordinary high water mark of the historical Missouri riverbed channel inundated by Pick-Sloan Missouri basin project dams.

SECTION 2. APPROPRIATION - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. There is appropriated out of any moneys in the strategic investment and improvements fund in the state treasury, not otherwise appropriated, the sum of \$800,000, or so much of the sum as may be necessary, to the department of mineral resources for the purpose of contracting with a qualified engineering and surveying firm to conduct a limited review of the corps survey under this Act, for the biennium beginning July 1, 2017, and ending June 30, 2019.

SECTION 3. APPROPRIATION - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - CONTINGENT LINE OF CREDIT - MINERAL REVENUE REPAYMENTS.

1. There is appropriated out of any moneys held in reserve in the strategic investment and improvements fund for mineral title disputes, not otherwise appropriated, the sum of \$100,000,000, or so much of the sum as may be necessary, to the commissioner of university and school lands for the purpose of mineral revenue repayments, for the biennium beginning July 1, 2017, and ending June 30, 2019. The funding provided in this section is considered a one-time funding item.
2. The funding provided in this section is available for the following:

- a. Repayment of any lease, bonus, rents, and royalty collections attributable to oil and gas mineral tracts lying entirely above the ordinary high water mark of the historical Missouri riverbed channel on both the corps survey and the state phase two survey, as required in subsection 1 of section 61-33.1-04.
 - b. Repayment of any lease, bonus, rents, and royalty collections attributable to the remaining oil and gas mineral tracts, as required in subsection 2 of section 61-33.1-04.
 - c. Other mineral revenue repayments or other reimbursements that are attributable to oil and gas mineral tracts requiring repayments under this Act.
3. Upon adoption of the final review findings by the industrial commission, the commissioner of university and school lands shall calculate the amount necessary for mineral revenue repayments based on the final review findings.
4. As soon as a repayment amount for a known recipient is calculated but after the expenditure of the \$100,000,000 in subsection 1:
 - a. The commissioner of university and school lands shall request from the sixty-sixth legislative assembly additional funding sufficient for any remaining mineral revenue or other repayments.
 - b. If the \$100,000,000 is expended before the repayment of all amounts calculated for known recipients and before additional funds are made available by the sixty-sixth legislative assembly, the Bank of North Dakota shall extend a line of credit, not to exceed \$87,000,000, to the commissioner of university and school lands. The commissioner of university and school lands shall access the line of credit, to the extent necessary, the sum of which is appropriated, for the purpose of mineral revenue and other repayments under this Act for the biennium beginning July 1, 2017, and ending June 30, 2019. The commissioner of university and school lands shall repay the line of credit from funds available in the strategic investment and improvements fund as appropriated by the legislative assembly.

SECTION 4. RETROACTIVE APPLICATION. Section 1 of this Act is retroactive to the date of closure of the Pick-Sloan Missouri basin project dams. The ordinary high water mark determination under this Act is retroactive and applies to all oil and gas wells spud after January 1, 2006, for purposes of oil and gas mineral and royalty ownership.

SECTION 5. EMERGENCY. This Act is declared to be an emergency measure."

¹ Funding for employee health insurance is adjusted to reflect the updated premium amount of \$1,241 per month.

² Funding is further reduced for salaries related to 5 FTE positions removed by the Senate.

³ One-time funding of \$375,000 is added for developing an electronic payment processing system related to credit card fees for the following state agencies:

- Department of Transportation - \$147,000
- Secretary of State's office - \$93,000
- Parks and Recreation Department - \$42,000
- Game and Fish Department - \$36,000
- Workforce Safety and Insurance - \$36,000
- Highway Patrol - \$21,000

⁴ Funding of \$13.7 million of special funds is added for the statewide interoperability radio network (SIRN). This is the estimated amount to be collected by political subdivisions during the 2017-19 biennium due to increased fees on assessed communications services pursuant to House Bill No. 1178. Amounts received by political subdivisions will be remitted to the State Treasurer to be deposited in the SIRN fund to be used by the Information Technology Department for costs of developing the network.

This amendment also:

- Adds a section to identify the amount of funding included in the bill for the increase in employee health insurance premiums.
- Amends North Dakota Century Code Chapter 15-19 to require the Director of the Centers for Distance Education (CDE) to provide all public schools and districts a list of courses offered by the CDE and to establish a clearinghouse for online courses offered by the CDE.
- Amends Section 37-17.3-02.2(1) to expand membership of the Statewide Interoperable Executive Committee to include the North Dakota Indian Affairs Commission Executive Director and, as appointed by Legislative Management, one member of the House and one member of the Senate.
- Amends Section 54-59-31 to allow certain health care providers participating in the health information exchange to use an electronic health records system that is not certified by the office of the National Coordinator for Health Information Technology if that type of provider is not required to be certified.
- Amends Section 54-59-34(1) to require the Statewide Longitudinal Data System Committee to provide annual reports to education and workforce development programs.
- Adds a section authorizing the Department of Transportation, Parks and Recreation Department, Game and Fish Department, Workforce Safety and Insurance, the Secretary of State's office, and Highway Patrol to obtain loans from the Bank of North Dakota for an electronic payment processing system.
- Adds a section providing an appropriation to each agency receiving loans from the Bank of North Dakota for an electronic payment processing system, to provide for repayment of the loans.
- Adds a section providing legislative intent regarding the Governor achieving efficiencies and budgetary savings within the Information Technology Department and other agencies.

Department No. 127 - State Tax Commissioner - Detail of Conference Committee Changes

	Adjusts Funding for Health Insurance Increases ¹	Adds Funding for Salaries and Wages ²	Rebalances Funding for Tax Credit Programs ³	Total Conference Committee Changes
Salaries and wages	(\$27,579)	\$150,000		\$122,421
Operating expenses				
Capital assets				

Homestead tax credit			(1,200,000)	(1,200,000)
Disabled veterans' credit			1,200,000	1,200,000
Total all funds	(\$27,579)	\$150,000	\$0	\$122,421
Less estimated income	0	0	0	0
General fund	(\$27,579)	\$150,000	\$0	\$122,421
FTE	0.00	0.00	0.00	0.00

¹ Funding for employee health insurance is adjusted to reflect the updated premium amount of \$1,241 per month. Section 2 of the bill is adjusted to reflect this change.

² Funding of \$150,000 from the general fund is added to restore funding for 1 FTE sales tax audit position that had been reduced as part of the 2015-17 biennium budget reductions. The Senate restored \$640,000 from the general fund relating to 4 FTE audit positions.

³ Funding of \$1.2 million is transferred from the homestead tax credit program to the disabled veterans' tax credit program to align the appropriations with the anticipated funding needs for the 2017-19 biennium, the same as the Senate.

A section is added to provide an exemption to allow up to \$75,000 of unspent 2015-17 biennium appropriation authority to continue in the 2017-19 biennium for a sales tax auditor position. With the \$150,000 from the general fund restored by the Conference Committee as described above, a total of \$225,000 is provided to restore funding for 2 FTE sales tax audit positions.

Engrossed HB 1006 was placed on the Seventh order of business on the calendar.

The House stood adjourned pursuant to Representative Vigesaa's motion.

Buell J. Reich, Chief Clerk
