This amendment also:

- Adds a section to amend North Dakota Century Code Section 54-10-01 related to the powers and duties of the State Auditor to:
Require state agencies to use nongeneral fund moneys to pay for audits performed by the State Auditor. If nongeneral fund moneys are not available, the agency may, upon approval of the Legislative Assembly, or the Budget Section if the Legislative Assembly is not in session, use general fund

moneys to pay for audits performed by the State Auditor, the same as the House version; and

Require the State Auditor to receive Legislative Audit and Fiscal Review Committee approval to conduct performance audits and to contract for services related to performing the duties of a federal single audit. The Senate and the House did not include these changes;

- Amends the statutory changes related to the State Auditor's salary to provide increases consistent with state employee salary increases, the same as the House version; and
- Adds a section to require the State Auditor to monitor the number of audit staff hours dedicated to financial audits, performance audits, mineral resource audits, federal single audit procedures, comprehensive annual financial report procedures, fraud investigation, local government audits, and audits of the institutions of higher education, including financial audits and performance audits. The State Auditor must report to the Appropriations Committees of the 67th Legislative Assembly regarding the number of audit staff hours dedicated to each of these audit functions and any other functions of the State Auditor's office during the 2019-21 biennium. The Senate and House did not include this section.
