2. The state auditor shall charge the political subdivision an amount equal to the fair value of the audit and any other services rendered. The fees must be deposited in the state auditor operating account. The state treasurer shall credit the state auditor operating account with the amount of interest earnings attributable to the deposits in that account. Expenses relating to political subdivision audits must be paid from the state auditor operating account, within the limits of legislative appropriation.
3. In lieu of conducting an audit every two years, the state auditor may require annual reports from school districts with less than one hundred enrolled students; cities with less than five hundred population; and other political subdivisions subject to this section, or otherwise provided by law, with less than ~~three hundred~~seven hundred fifty thousand dollars of annual receipts, excluding any federal funds passed through the political subdivision to another entity. If any federal agency performs or requires an audit of a political subdivision that receives federal funds to pass through to another entity, the political subdivision shall provide a copy to the state auditor upon request by the state auditor. The reports must contain the financial information required by the state auditor. The state auditor also may make any additional examination or audit determined necessary in addition to the annual report. When a report is not filed, the state auditor may charge the political subdivision an amount equal to the fair value of the additional examination or audit and any other services rendered. The state auditor may charge a political subdivision a fee not to exceed ~~eighty~~eighty-six dollars an hour for the costs of reviewing the annual report.

The number of copies of the audit report requested by the state auditor must be filed with the state auditor when the public accountant delivers the audit report to the political subdivision. The state auditor shall review the audit report to determine if the report is in the required form and has the required content, and if the audit meets generally accepted government auditing standards. The state auditor also may periodically review the public accountant's workpapers to determine if the audit meets generally accepted government auditing standards. If the report is in the required form and has the required content, and the report and workpapers comply with generally accepted government auditing standards, the state auditor shall accept the audit report. 5. A political subdivision may not pay a public accountant for an audit until the state auditor has accepted the audit. However, a political subdivision may make progress payments to the public accountant. A political subdivision shall retain twenty percent of any progress payment until the audit report is accepted by the state auditor.
6. The state auditor may require the correction of any irregularities, objectionable accounting procedures, or illegal actions on the part of the governing board, officers, or employees of the political subdivision disclosed by the audit report or workpapers, and failure to make the corrections must result in audits being resumed by the state auditor until the irregularities, objectionable accounting procedures, or illegal actions are corrected.

SECTION 5. AMENDMENT. Section 54-10-27 of the North Dakota Century Code is amended and reenacted as follows:

54-10-27. Occupational and professional boards - Audits and reports.

The governing board of any occupational or professional board shall provide for an audit once every two years by a certified public accountant or licensed public accountant. The accountant conducting the audit shall submit the audit report to the state auditor's office. If the report is in the form and style prescribed by the state auditor, the state auditor may not audit that board. An occupational or professional board may request the state auditor to conduct its audit, and if the state auditor agrees to conduct the audit, the state auditor shall deposit the fees charged to the occupational or professional board into the state auditor operating account. Instead of providing for an audit every two years, an occupational or professional board that has less than two hundred thousand dollars of annual receipts may submit an annual report to the state auditor. The report must contain the information required by the state auditor. The state auditor also may make any additional examination or audit determined necessary in addition to the annual report. When a report is not filed, the state auditor may charge the occupational or professional board an amount equal to the fair value of the additional examination or audit and any other services rendered. The state auditor may charge an occupational or professional board a fee not to exceed ~~fifty-eighty-six~~ dollars an hour for the costs of reviewing the annual report."
