Sixty-seventh Legislative Assembly of North Dakota

SENATE BILL NO. 2065

Introduced by

Energy and Natural Resources Committee

(At the request of the Industrial Commission)

- 1 A BILL for an Act to amend and reenact subdivision b of subsection 1 of section 38-08-04 of the
- 2 North Dakota Century Code, relating to the jurisdiction of the industrial commission to regulate
- 3 the permitting and amalgamation of the underground storage of oil and gas.

4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

5 SECTION 1. AMENDMENT. Subdivision b of subsection 1 of section 38-08-04 of the North 6 Dakota Century Code is amended and reenacted as follows: 7 b. To regulate: 8 The drilling, producing, and plugging of wells, the restoration of drilling and 9 production sites, and all other operations for the production of oil or gas. 10 The shooting and chemical treatment of wells. (2) 11 (3) The spacing of wells. 12 (4) Operations to increase ultimate recovery such as cycling of gas, the 13 maintenance of pressure, and the introduction of gas, water, or other 14 substances into producing formations. 15 Disposal of saltwater and oilfield wastes. (5) 16 The commission shall give all affected counties written notice of (a) 17 hearings in such matters at least fifteen days before the hearing. 18 The commission may consider, in addition to other authority granted (b) 19 under this section, safety of the location and road access to saltwater 20 disposal wells, treating plants, and all associated facilities. 21 (6) The underground storage of oil or gas. 22 Geologic storage is allowed if permitted by the commission. A permit (a) 23 may be transferred if the commission consents. 24 Before issuing a permit, the commission shall find: <u>(b)</u>

Sixty-seventh Legislative Assembly

1	<u>[1]</u>	I hat the storage operator has complied with all requirements set
2		by the commission.
3	[2]	That the storage facility is suitable and feasible for injection and
4		storage.
5	[3]	That the storage operator has made a good-faith effort to get the
6		consent of all persons that own the storage reservoir's pore
7		space.
8	<u>[4]</u>	That the storage operator has obtained the consent of owners
9		and lessees of at least fifty-five percent of the storage reservoir's
0		pore space.
11	<u>[5]</u>	Whether the storage facility contains commercially valuable
2		minerals and, if the facility does, a permit may be issued only if
3		the commission is satisfied that the interests of the mineral
4		owners and mineral lessees will not be adversely affected or
5		have been addressed in an arrangement entered by the mineral
6		owners, mineral lessees, and storage operator.
7	<u>[6]</u>	That the proposed storage facility will not adversely affect
8		surface waters or formations containing freshwater.
9	[7]	That the storage facility will not endanger human health or
20		unduly endanger the environment.
<u>.</u> 1	[8]	That the storage facility is in the public interest.
22	[9]	That the horizontal and vertical boundaries of the storage
23		reservoir are defined.
24	<u>[10]</u>	That the storage operator will establish monitoring facilities and
25		protocols to assess the location and migration of stored
26		substances and to ensure compliance with all permit, statutory,
27		and administrative requirements.
28	[11]	That all pore space owners are or will be equitably compensated.
